I (full name) of

hereby covenant with the Fauna and Flora Preservation Society, whose office is 1 Kensington Gore
London SW7 2AR, that for a period of four years from the date hereof, or until my death (whichever
shall be the shorter period) I will pay annually to the said Society from the day
of (this date should be later than the date of the signature) in every year such a sum
as, after deduction of income tax at the standard rate for the time being in force, amounts
to £ (please insert the actual amount of your subscription), such a sum to be paid from
my general fund of taxed income.

Signed and sealed by me this * day of 19

Signature In the presence of Occupation

(signature of witness, who should not be your spouse)

Address

* The first payment must be received within 1 year from this date.

ACTA THERIOLOGICA

Auctore Augusto Dehnel condita

Founded by August Dehnel in 1954 is an international journal of mammalogy, covering all aspects of mammalian biology. It publishes original research reports, short communications (Fragmenta Theriologica), and book reviews. The journal also includes review papers.

Editor-in-Chief: Zdzisław PUCEK

Associate Editor: Henryk OKARMA, **Assistant Editor:** Leszek RYCHLIK

Current Editorial Board: Roman Andrzejewski (Warszawa), Eric Le Boulengé (Louvain-la-Neuve), Gilbert L. Dryden (Slippery Rock), Jiří Gaisler (Brno), Ilkka Hanski (Helsinki), Lennart Hansson (Uppsala), Peter A. Jewell (Cambridge), Kazimierz Kowalski (Kraków), William Z. Lidicker (Berkeley), Zygmunt Pielowski (Czempień), Gerhard Storch (Frankfurt am Main), Peter Vogel (Lausanne), Nikolay N. Vorontsov (Moscow), January Weiner (Kraków).

- Among subjects included are ecology, behaviour, bioenergetics, morphology, development, reproduction, nutrition, paleontology and evolution of mammals. Papers demonstrating a comparative perspective in anatomy and physiology of mammals are also welcomed.
- Papers represent mammalogical research in over 40 countries, including Eastern Europe and the Commonwealth of Independent States.
- Published now quarterly, in English.
- Exchanged or subscribed in over 50 countries.
- Indexed by: Biological Abstracts, Current Contents/Agricultural, Biological & Environmental Sciences, Science Citation Index, Zoological Record, Wildlife Review, Referativnyj Zhurnal, and other abstracting journals.
- Edited since 1958, and now also published by the Mammal Research Institute, Polish Academy of Sciences, Białowieża, Poland.

Special emphasis is paid on a series of papers

- **Bisoniana** – over 100 papers devoted to anatomy, physiology, ecology, behaviour, of the European bison and its hybrids with domestic cattle.
- **Studies on the European hare** – over 40 papers have been published on hare morphology, reproduction, and different aspects of population ecology.
- **Monothematic issues or supplements**, e.g. Ecology of the Bank vole (1983)
IBP, "Small Mammal Project" publications.

Manuscripts for consideration should be sent to:

The Editor, Acta Theriologica, c/o Mammal Research Institute, Polish Academy of Sciences,
17-230 Białowieża, Poland

- Manuscripts are peer-reviewed
- No page charges
- Fifty reprints free of charge

Subscribe today or request a free sample copy by filling in the order form

Subscription rates: Institutions 49.00 USD per volume, Individuals 29.00 per volume
Add 2.00 USD for postage (surface mail) and handling costs.

Back issues beginning with vol. 1 are available.

ORDER FORM for PERSONAL/INSTITUTIONAL SUBSCRIPTION

Please tick appropriate box and send an order card to: Polish Academy of Sciences,
Mammal Research Institute,
17-230 Białowieża, Poland

- Please enter my subscription, beginning with: Volume 36/1991, Volume 37/1992, Volume 38/1993
- Please accept my cheque for USD.
- Please send me a sample copy. Please send me instructions for contributors.

ORYX: NOTES FOR CONTRIBUTORS

General *Oryx* publishes original articles and reports dealing with the conservation of species and habitats world-wide, with particular emphasis on those that are endangered. All submissions are reviewed by at least two referees. It is helpful if authors suggest at least one referee who is qualified to judge the work objectively.

Submissions should be sent to the Editor, FFPS, 1 Kensington Gore, London SW7 2AR.

After acceptance papers may be edited to enhance clarity. Where major changes have been made edited manuscripts are returned to authors before type-setting. Page proofs are sent to all authors for approval before going to press. Contributors receive two free copies of the journal and will be entitled to buy additional copies at £2.00 each, post free. Offprints may be ordered at cost price.

Contributions should be concise but informative, normally in English. Articles should be as short as possible, preferably under 2500 words, and very short articles are acceptable.

Manuscripts should be typed on one side only and double-spaced on A4 paper (208x298 mm). The left-hand margin must be at least 40 mm wide. Two copies should be submitted and authors are also invited to submit papers on disk (IBM compatible or Apple format).

Footnotes should be avoided but, if necessary, should be indicated with asterisks in the text. The author's name and postal address should follow any acknowledgments and references at the end of the article.

References in the text should give the author's name with the year of publication in parentheses. The reference list should be in alphabetical

order and include the full article title.

References should be given according to the abbreviations in the *World List of Scientific Periodicals*. Thus:

Aveling, C. and Harcourt, A.H. 1984. A census of the Virunga gorillas. *Oryx*, **18**, 8–13.

Hartshorn, M.G. 1983. Wildlife conservation in Central America. In: *Tropical Rain Forest: Ecology and Management* (eds S. L. Sutton, T. C. Whitmore and A. C. Chadwick), pp. 421–423. Blackwell Scientific Publications, Oxford.

Illustrations are welcomed and ideally should be glossy, black-and-white whole-plate prints. Good colour slides are acceptable if black-and-white photographs are not available.

Line drawings and maps should be in black ink on strong white or translucent paper. Lettering on maps and figures should be sent on a separate copy of the figure along with the unlabelled original.

Captions for figures should be typed consecutively on a separate sheet.

Tables. Each table should be self-explanatory and typed on a separate sheet with an appropriate caption.

Scientific names should be underlined and not placed in parentheses. Species' names should follow a checklist, which should be mentioned in a covering letter where there is a risk of confusion.

The first time a species is mentioned its scientific name should be given. English names should be in lower case throughout except where they incorporate a proper name.
