The Law of Habeas Corpus

Robert J. Sharpe

Habeas corpus is the principal means under the common law for the protection of personal liberty. Dr. Sharpe examines the nature of judicial review exercised on habeas corpus, and explores the past, present, and potential uses of the writ. The study focuses on English law, but also includes discussions of the law in other Commonwealth countries. £10

Law, Morality, and Society

Essays in Honour of H. L. A. Hart

Edited by P. M. S. Hacker and J. Raz

The contributors to this volume, all of them colleagues and former pupils of Professor H. L. A. Hart and themselves distinguished scholars, are G. P. Baker, R. M. Dworkin, J. R. Lucas, A. M. Honoré, R. S. Summers, G. Marshall, R. Cross, A. J. P. Kenny, J. L. Mackie, D. N. MacCormick, P. R. Foot, J. M. Finnis, B. M. Barry, and J. Feinberg, as well as the two editors of the volume. £7.50

The Personal Laws of Malaysia

An Introduction

M. B. Hooker

This introduction to those laws of Malaysia relating to racial and religious groups will be of interest to the historians of colonial law and the comparative lawyer. £13.75 *East Asian Historical Monographs*

The American Judicial Tradition

Profiles of Leading American Judges

G. Edward White

Edward White, a former law clerk to Earl Warren, traces the American judicial tradition in a series of portraits of the most famous appellate judges in American history. He shows how judicial influence was affected by changing economic, social, and political pressures, and illustrates the attitudes and personalities of such diverse figures as John Marshall, Roger Taney, Joseph Story, Oliver Wendell Holmes, Louis Brandeis, Charles Evans Hughes, Learned Hand, Benjamin Cardozo, Felix Frankfurter, and Hugo Black. £9.25

Oxford University Press

The Philosophy of Law

Edited by Ronald M. Dworkin

The debate about the nature of law has dominated legal philosophy for several decades, and the first two essays in this volume are concerned with the concept of law. The six essays that follow are about law not as it is but as it should be, and fall in the overlap between legal and political philosophy. Paper covers. £1.50 *Oxford Readings in Philosophy*

The Great Rights of Mankind

Bernard Schwartz

The Bill of Rights stands alongside the body of the American Constitution and the Declaration of Independence as the theoretical foundation of American guarantees of individual liberty and rights. This book describes the philosophical and historical origins of that document, beginning with its English precedents but focusing on developments during the Colonial period. £7.25

Freedom and the Court

Henry J. Abraham

This book examines how American courts have sought to resolve the conflicts between the rights of the community and individual freedoms. In this new edition Henry J. Abraham presents a thorough account of the many civil rights and civil liberties cases which have occurred in the four years since the second edition appeared. Third edition £11

Unequal Justice

Jerold S. Auerbach

This study, first published in 1975 and now issued in paperback, shows the American legal profession as essentially élitist in nature, with its emphasis on serving business interests and its attempts to exclude minority groups. Professor Auerbach traces developments up to the 'law and order' reaction against the changes of the 1960s and its culmination in the Watergate scandal which left public faith in the law shattered. Paper covers £2.75 *Galaxy Books*

Oxford University Press

British Tax Law

NEW

MERVYN LEWIS

£8.00 post paid

For law and accountancy students of taxation and for professional practitioners, this book states the main principles of tax law in relation to the major direct taxes and explains them in considerable depth, illustrating the practical application of various statutory rules with numerous examples of a computational nature.
