

Barrio Democracy in Latin America

Participatory
Decentralization and
Community Activism in
Montevideo

Eduardo Canel

"Eduardo Canel explores the limits and possibilities of urban grassroots democratization in Uruguay. He contrasts how neighborhoods differ in how deeply they democratized, as well as how they evolved under different Latin American, national, and citywide conditions. This is a 'must' book for anyone interested in social movements, civil society, the political sociology of cities, and democracy both in general and in the specific context of Uruguay." —Susan Eckstein,

Boston University

Demanding the Land

Urban Popular Movements
in Peru and Ecuador,
1990–2005

Paul Dosh, Photographs
by James Lerager

"Paul Dosh's study is timely. Its results may imply that significant developments, with regard to both urban-based social movements themselves and the context in which they operate, are presently under way. The author has assembled an impressive array of empirical sources, and the fact that his study is comparative—focusing on Peru as well as Ecuador—will increase its relevance for Latin America as a whole."

Rural Protest and the Making of Democracy in Mexico, 1968–2000

Dolores Trevizo

"Traditional accounts of democratization tend to credit elites with most of the 'heavy lifting.' More recently, a newer generation of scholars has focused attention on the role of grassroots movements in democratizing episodes. In her exemplary account of the fall of the PRI from power in Mexico, Trevizo does both, arguing that it was the complex interaction between grassroots and elite groups that ultimately undermined the party's hold on power. The result is one of the richest, most detailed accounts of democratization produced to date."

Looking closely at eight types of Mexican folk art, including votive paintings, embroidered exvotos, cardboard Judas dolls, and reproductions of Frida Kahlo's paintings made of clay, this beautifully illustrated volume is one of the first to trace the role and effects of gender on both the objects of Mexican folk art and the knowledge and life experiences that lie behind them.
