WORLD CONGRESS ON BEHAVIOUR THERAPY

The first World Congress on Behaviour Therapy will be held July 13-17, 1980 in Jerusalem under the auspices of the American and European Associations for Behaviour Therapy (AABT, EABT) and in close co-operation with Behaviour Therapy Associations in other parts of the world. The Tenth Annual Conference of the European Association of Behaviour Therapy will be an integral part of the Congress.

The Congress plan represents an unprecedented attempt to integrate world work in behaviour therapy and related disciplines under the general theme: *Behaviour-Therapy contributions to person and society*. Discourse, practice, and informal meetings are planned for in the form of invited addresses, symposia, poster sessions, pre- and post-congress workshops and conversation-contact hours.

Researchers and practitioners in behaviour therapy and related disciplines are invited to submit a proposed symposium, paper or workshop for consideration by the Scientific Program Committee. Individual or symposium papers should represent original contributions and be substantially different from papers published or represented by the authors elsewhere.

For further information please write to Dr. M. Rosenbaum, World Congress on Behaviour Therapy, P.O. Box 3054, Tel Aviv, Israel.

DEADLINE FOR SUBMISSION OF ABSTRACT IS DECEMBER 1, 1979.

DIPLOMA IN BEHAVIOUR THERAPY

The London University and Medical School is offering a one year training course in the application of Behaviour Therapy Principles to psychiatric cases.

Applicants should be fully qualified clinical psychologists; only in exceptional cases will psychiatrists be considered.

Further information may be obtained from:
Professor John Hinton
Academic Department of Psychiatry,
Middlesex Hospital Medical School,
London, W1P 8AA

2514 EE The Hague—The Netherlands

SCOTTISH ASSOCIATION FOR BEHAVIOUR MODIFICATION

Autumn Conference, Duke of Gordon Hotel, Kingussie, Inverness-shire

1-4 OCTOBER 1979

The conference will consist of a series of symposia on the following topics: Mental handicap, Alcoholism, Biofeedback, and the promotion of health-related behaviour. In addition there will be a wide range of individual papers, and special sessions where delegates may obtain detailed advice on research issues (e.g. experimental design, statistical analysis and instrumentation). Further details will be sent when available to those interested.

Kingussie is a village in the middle of the Scottish Highlands, and is an ideal centre for mountain walking, rock-climbing, fishing, bird watching, etc.

The all-inclusive cost (lunch on Monday until coffee on Thursday morning) will be £50. Large reductions on rail travel to Kingussie can be arranged.

Papers may still be considered and should be sent either to Dave Peck or Chris Cullen (Lea Hospital, Bromsgrove).

Anyone interested in attending, should contact:-

Dave Peck,
University Dept. of Psychiatry,
Royal Edinburgh Hospital
Morningside Park,
Edinburgh EH10 5HF

BEHAVIOURAL SOCIAL WORK GROUP

This group is an informal network of people who wish to see an extension of knowledge and practice of behavioural approaches within social work. The first issue of a newsletter has been published and a national conference was held in June. Anyone interested in joining the group should send £1, payable to the Behavioural Social Work Group, to:

Mrs. R. Strange,
107 Station Road,
Earl Shilton,
Leicestershire
