CONTENTS

INTRODUCTORY REMARKS

SPEDDING, C. R. W.	i
1. GENERAL CONSIDERATIONS	
1.1 PAYNE, W. J. A. The desirability and implications of encouraging intensive animal production enterprises in developing countries	1
1.2 BAKER, P. R. Sociological implications of intensifying animal production in developing countries : the case of the African pastoralists	11
1.3 FITZHUGH, H. A. and DE BOER, A. J. Physical and economic constraints to intensive animal production in developing countries	23
2. CLIMATE	
2.1 RICHARDS, J. I. Methods of alleviating the deleterious effects of tropical climates on animal production	57
2.2 MCGUCKIAN, A. K. The design of farm buildings for use in developing countries ...	89
3. FEED SUPPLIES	
3.1 PARR, W. H. World Supplies of grain for animal feed including principal protein sources	97
3.2 LANE, I. R. The use of cultivated pastures for intensive animal production in developing countries	105
3.3 PRESTON, T. R. The use of by-products for intensive animal production	145
3.4 HUTAGALUNG, R. I. The use of tree crops and their by-products for intensive animal production	151
4. LIVESTOCK IMPROVEMENT	
4.1 TRAIL, J. C. M. Merits and demerits of importing exotic cattle compared with the improvement of local breeds	191
4.2 SWANNEY, J. M. The use of artificial insemination and controlled breeding techniques in livestock improvement	233
4.3 EDELSTEN, R. M. Diseases associated with the international transfer of animals for breeding	237
4.4 DORMAN, A. E. Some diseases associated with the intensification of animal production in developing countries. The Wellcome Lecture	247
5. INTENSIVE PRODUCTION OF NON-RUMINANTS	
5.1 FULLER, M. F. and CHUNG PO Intensive pig production — Problems and solutions in the growth of the industry in Taiwan	261
5.2 CHIGARU, P. R. N. and HOLNESS, D. H. The potential contribution of indigenous pigs to intensive pig production in Southern Africa	269
5.3 WALTERS, J. R. Peri-urban piggeries in Papua New Guinea	275
5.4 QUIJANDRIA, B. Swine production systems in Central America : limiting factors, prospects and research requirements	279
5.5 GODDARD, I. G. H. Intensive poultry production in Jordan	291
5.6 MARSDEN, A. and MORRIS, T. R. Egg production at high temperatures	299
5.7 MUIR, J. F. Integrated fish farming in developing countries	311
5.8 JACKSON, A., MATTY, A. J. and CAPPER, B. S. Evaluation of protein sources in tropical fish feeds	317
