NEW YORK NEW ROCHELLE MELBOURNE SYDNEY

*The Journal of American Studies* publishes work by scholars of various nationalities on American literature, history, institutions, politics, economics, geography and related subjects. Articles which cross the conventional borders between academic disciplines are particularly welcome, as are comparative studies of American and other cultures. It also publishes review essays, book reviews, and biennially, a list of theses on American topics in progress and complete at British universities.

Contributors need not be members of the British Association for American Studies. Decisions on articles submitted are normally made within three months and those accepted published within a year. Details about the submission of manuscripts are given on the inside of the back cover.

NOTE. The Editors are anxious to receive more material for their newly-introduced NOTES AND COMMENT section. The purpose of this section is to provide a forum for pieces of less than normal article length and also to encourage readers to amplify or respond to points made in articles and reviews. Items for NOTES AND COMMENT should be sent to the Editor at the address given on the inside of the back cover.
