PAUL LAWRENCE ROSE

In this compelling narrative of antisemitism in German thought, Paul Rose challenges distinctions between theologically derived (medieval) and secular, (modern) antisemitism, arguing that there is an unbroken chain of antisemitic feeling between the two periods.

"Rose persuasively demonstrates that for almost all [German revolutionary thinkers of the right and left], the German Question was ensnared in the Jewish Question, and that a deep kinship between left and right was expressed in the loaded opposition between *Deutschtum* and *Judentum*."

—Robert Alter, *The New Republic*

"An intensely interesting, learned, and combative book."

—Geoffrey Wheatcroft, *The Times Literary Supplement*
