*An International Review  
Devoted to the History of  
Science and its Cultural  
Influences*

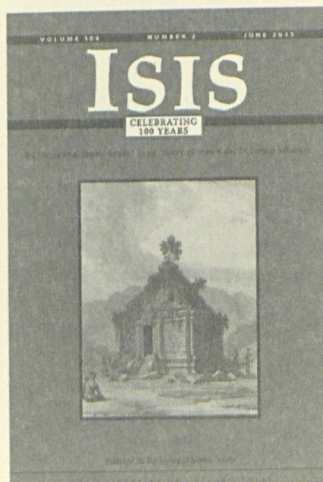

---

*Isis* features scholarly articles, research notes, and commentary on the history of science, medicine, and technology, and their cultural influences. Review essays and book reviews on new publications in the field are also included. An official publication of the History of Science Society, *Isis* is the oldest (and most widely circulating) English-language journal in the field.

### Audience

Researchers, educators, and students interested in the history of science, medicine, and technology, and their interactions with the humanities.
