

the Endowed Program Funds for the Association

Other Matters

As you can see from the attached index of reports that have appeared in *PS* over the past year, we have not been idle as an Association. In addition to the items listed here, you should know that the *Guide to Graduate Study, 1989*, the *Directory of*

Department Chairs, and the *Survey of Departments* are all now available. We have also improved our ability to generate precise mailing lists. This service should be helpful in recruitment and in identifying political scientists for conferences and other special purposes.

If you have ideas for the Association or if you have any questions about our activities, please feel free to give me a call at (202) 483-2512. I look forward to hearing from you
