Stephen Patrick Tyrer

EDUCATION & TRAINING

- 32 Integrated academic training pathways and academic child and adolescent psychiatric training
M. Elena Garralda

COLUMNS

- 34 Correspondence
- 38 Obituary
Ronald Eric Douglas Markillie
- 39 In Appreciation

Cover image

In this issue, Fear et al (pp. 25–30) argue that current models of healthcare delivery are unintentionally discriminatory; instead, they present a new model, centred on a person's care needs rather than their circumstances. In an invited commentary, Steven Tyrer (pp. 30–31) considers how successful this untested model might be in practice.
