

WORKING NOTICE

Gulf Research and Development Company, owner of the following patents relating primarily to magnetometric surveying for geophysical prospecting for minerals and petroleum, wishes to commercially work the same in England and will conduct aerial surveying for others under said patents on reasonable terms or negotiate licences or other arrangements with anyone interested in conducting such surveys.

Case A—Patent No. 642,650—Method and Apparatus for measuring the Values of Magnetic Fields.

Case B—Patent No. 642,649—Method and Apparatus for Measuring Magnetic Fields.

Case D—Patent No. 638,147—Method of Geophysical Prospecting.

Reply to : Messrs. H. D. Fitzpatrick and Co., 94 Hope Street, Glasgow, C. 2.

The Editors are directed to make it known to the public that the authors alone are responsible for the facts and opinions contained in their respective papers and for the correctness of their references.

Instructions to Contributors.

Articles submitted for publication in the *Geological Magazine* should be addressed to the Editors at the *Sedgwick Museum, Cambridge*, not to the Publishers.

Manuscripts should be typewritten, double-spaced, and preferably with a wide margin, and should be carefully revised ; they should be as concise as possible, and in no case should an article exceed 10,000 words. MS. must be accompanied by a short abstract, 50–100 words. References should not be given in footnotes, but arranged in alphabetic order of author's names at the end of the article ; the author's name should be followed by date of publication, and the title of each paper should be given in addition to volume and page numbers of the Journal, thus :—

LAPWORTH, C. 1878. The Moffat Series. *Quart. Journ. Geol. Soc.*, xxxiv, 240–343.

References should be cited in the text by author's name and date, with page reference if necessary, in brackets :—(Lapworth, 1878, p. 339).

Illustrations should be so drawn as to allow reduction to a maximum size of $6\frac{1}{2} \times 3\frac{1}{2}$ inches (the type-area of the Magazine) and originals must not exceed 40×22 inches. Map lettering should be such as to be clearly legible after reduction (equivalent to 5-point as a *minimum* on reduction), while lettering on text-figures should in general be left in pencil for printing.

Authors will receive 25 reprints free of cost.
