# THE ROYAL INSTITUTE OF NAVIGATION

## *Aims and Objects*

The objects of the Institute are to unite in one body those who are concerned with or who are interested in navigation and to further its development. Navigation is conceived as applying to locomotion of all kinds and is perceived as encompassing aspects of: command and control, psychology and zoology, operational research, risk analysis, theoretical physics, operation in hostile environments, instrumentation, ergonomics, financial planning and law as well as electronics, astronomy, mathematics, cartography and other subjects traditionally associated with navigation.

The aims of the Institute are to encourage the creation and dissemination of knowledge through research and development, to co-ordinate information from all the disciplines involved, to provide a forum in which new ideas and new products can have the benefit of informed and professional scrutiny and to further education and communication.

The Institute initiates conferences and symposia on specific subjects and has a programme of meetings at which lectures are given and discussed. There are standing Special Interest Groups (SIGs) which keep under constant review pertinent aspects of navigation. The success of these Special Interest Groups is crucially dependent on the active involvement of members.

The SIGs include: Land Navigation and Location Group (LN&L), General Aviation Navigation Group (GANG), History of Air Navigation Group (HANG), Civil and Military Air Group (CMAG), Marine Traffic & Navigation Group (MT&NG), Small Craft Group (SCG), eLORAN Group (eLORAN), Space Group (Space), Animal Navigation Group (ANG) and Research & Development Group (R&D).

The Institute publishes *The Journal of Navigation* six times a year. It contains papers which have been presented at meetings, other original papers and selected papers and reports from Special Interest Groups. The Institute also publishes *Navigation News* six times a year which contains a full account of the Institute's proceedings and activities. This includes Branch News, a record of current navigational work, a diary of events, topical articles, news about Membership and advertising. A great deal of the Institute's work is international in character and is co-ordinated with that of similar organizations in other countries.

## *Membership*

There are nine classes of membership under which individuals or organisations may apply to join the Institute. Details of the various membership criteria and current subscriptions are available on the RIN website (Home / Join the RIN / Membership Types <http://www.rin.org.uk/general.aspx?ID=59>) and from the Membership Secretary ([membership@rin.org.uk](mailto:membership@rin.org.uk) Tel: +44(0)20 7591 3130 Fax: +44(0)20 7591 3131).

- (1) Ordinary Membership
- (2) Associate Membership
- (3) Associate Fellow Membership
- (4) Student Membership
- (5) Junior Associate Membership
- (6) Corporate Membership
- (7) Small Business Membership
- (8) Affiliate College University Membership
- (9) Affiliate Club Membership

Additional membership classes of Fellowship, Honorary Fellowship, Retired Membership and Affiliate Membership also exist and details are available from the Membership Secretary.

The subscription price (excluding VAT) to *The Journal* (ISSN 0373-4633) for Volume 66, 2013, which includes print and electronic access, is £398 (USA, Canada and Mexico US \$734) and includes delivery by air; single parts are available at £110 (USA, Canada and Mexico US \$195) plus postage. The electronic-only price available to institutional subscribers is £321 (USA, Canada and Mexico US \$585). EU subscribers (outside the UK) who are not registered for VAT should add VAT at their country's rate. VAT registered subscribers should provide their VAT registration number. *The Journal* is issued free to all Members of the Institute. Orders, which must be accompanied by payment, may be sent to any bookseller or subscription agent or direct to the publishers: Cambridge University Press, The Edinburgh Building, Shaftesbury Road, Cambridge CB2 8RU, or in the USA, Canada and Mexico to Cambridge University Press, Journals Fulfillment Department, 100 Brook Hill Drive, West Nyack, New York 10994-2133. Japanese prices for institutions are available from Kinokuniya Company Ltd, P.O. Box 55, Chitose, Tokyo 156, Japan.

# THE JOURNAL OF NAVIGATION

VOLUME 66 NUMBER 3 MAY 2013

## CONTENTS

- Theoretical Upper Bound and Lower Bound for Integer Aperture Estimation Fail-Rate and Practical Implications** 321  
*Tao Li and Jinling Wang*
- Algorithms for Sparse Network-based RTK GPS Positioning and Performance Assessment** 335  
*Weiming Tang, Xiaolin Meng, Chuang Shi and Jingnan Liu*
- Sensory Navigation Device for Blind People** 349  
*L. Dunai, G. Peris-Fajamés, E. Lluna and B. Defez*
- A New Avionics-Based GNSS Integrity Augmentation System: Part I – Fundamentals** 363  
*Roberto Sabatini, Terry Moore and Chris Hill*
- The Human Element in Shipping Casualties as a Process of Risk Homeostasis of the Shipping Business** 385  
*Juan Vinagre-Ríos and Santiago Iglesias-Baniela*
- GLONASS Aided GPS Ambiguity Fixed Precise Point Positioning** 399  
*Altti Jokinen, Shaajun Feng, Wolfgang Schuster, Washington Ochieng, Chris Hide, Terry Moore and Chris Hill*
- Single-frequency Ionosphere-free Precise Point Positioning Using Combined GPS and GLONASS Observations** 417  
*Changsheng Cai, Zhizhao Liu and Xiaomin Luo*
- Adaptive Road Candidates Search Algorithm for Map Matching by Clustering Road Segments** 435  
*Ming Ren and Hassan A. Karimi*
- A Chip Scale Atomic Clock Driven Receiver for Multi-Constellation GNSS** 449  
*Alper Ucar, Yacine Adane, Burak Bardak, Carlo Paparo, Reuben Berry and Izzet Kale*
- FORUM**
- A Document Of Debatable Value – A Case Study Into The Use Of Master-Pilot Exchange Documentation In Selected UK Ports** 465  
*Richard Wild FRIN and Kevin Constable*
- The Obligations of an Anchored Vessel to Avoid Collision at Sea** 473  
*Pengfei Zhang and Jinsong Zhao*
