

## ON SPARSITY, POWER-LAW, AND CLUSTERING PROPERTIES OF GRAPHEX PROCESSES – ADDENDUM

FRANÇOIS CARON,\* \*\* *University of Oxford*

FRANCESCA PANERO,\*\*\* *London School of Economics and Political Science*

JUDITH ROUSSEAU,\* \*\*\*\* *University of Oxford*

*Keywords:* Networks; sparsity; Poisson processes; community structure; power law;  
generalised graphon; transitivity; subgraph counts

DOI: [10.1017/apr.2022.75](https://doi.org/10.1017/apr.2022.75), Published online by Cambridge University Press: 16 June 2023

This article was originally published without a data access statement. The data access information has been added and all versions of the article have been updated.
