

GENERAL NOTES

OLD ILLUSTRATION BLOCKS

It is our custom to destroy blocks after three years. It may be that some authors would like to have their blocks for possible future use. In such case would they write Headley Brothers, Ashford, Kent, as soon as possible, and in any case within three years of their first being used.

BRITISH ASSOCIATION OF OTOLARYNGOLOGISTS RUEDI TRUST FUND

THE British Association of Otolaryngologists has been entrusted with a sum of money to be devoted to the financial assistance of British postgraduates studying otolaryngology in Switzerland. Information can be obtained from the Secretary of the Association, 45 Lincoln's Inn Fields, London, W.C.2..

OTOLARYNGOLOGY LECTURES 1954-55 ROYAL COLLEGE OF SURGEONS

THE following lectures, arranged jointly by the Royal College of Surgeons of England and the Institute of Laryngology and Otology will be delivered in the Lecture Hall of the College, at 5.30 p.m.

1954. December 2nd. Mr. David Patey. Diseases of the Parotid gland.

1955. February 3rd. Sir Gordon Gordon Taylor. Swellings of the neck and their management.

March 3rd. Mr. A. J. Gardham. The evolution of major surgery in the mouth and pharynx from the time of Trotter to the present day.

March 31st. Professor Lambert Rogers. Vascular diseases in relation to otolaryngology.

May 5th. Sir Clement Price Thomas. Some aspects of suppurative disease of the lungs.

June 30th. Dr. Thomas Anwyl Davies. The relationship of syphilis to otolaryngology.

THE attention of members is drawn to the *EXCERPTA MEDICA* Section XI which is a most valuable international abstracting service as it gives each month abstracts of all the important papers in Oto-Rhino-Laryngology. The subscription is five dollars a year or the equivalent and the agents for Great Britain and the British Empire (excluding Canada and South Africa) are E. and S. Livingstone, Ltd., 16 and 17 Teviot Place, Edinburgh.

General Notes

UNIVERSITY OF LONDON

FULL COMPREHENSIVE COURSE, suitable for D.L.O. students. August 30th, 1954, to June 10th, 1955.

(a) Basic Sciences Class (Part I, D.L.O.). August 30th to November 26th, 1954.

(b) Complete Clinical Course (Part II, D.L.O.). June 21st, 1954 to November 26th, 1954.

CANADIAN OTOLARYNGOLOGICAL SOCIETY SOCIÉTÉ CANADIENNE D'OTOLARYNGOLOGIE

President: Dr. G. Edward Tremble, 1390 Sherbrooke St. West, Montreal P.Q.

Secretary: Dr. G. Arnold Henry, 170 St. George St., Toronto, Ontario.

Meeting: Bigwin Inn, Lake of Bays, Muskoka, Ontario. June 16th, 17th, 18th, 1955.

POST-TONSILLECTOMY COMFORT

Immediate pain relief—Speedier Convalescence

The pain of traumatized tissues following tonsillectomy, demands its own relief—and points the need for analgesia that quickly reaches the irritated area.

ASPERGUM provides 'salivary analgesia' through the simple act of chewing—it brings pain-relieving acetylsalicylic acid into *intimate* and *prolonged* contact with the tonsillar

region, seldom reached even intermittently by gargling. The rhythmic stimulation of muscular action also aids in relieving local spasticity & stiffness: more rapid tissue repair is promoted. Each pleasantly flavoured chewing gum tablet provides $3\frac{1}{2}$ grains acetylsalicylic acid, permitting frequent use. Particularly suitable for children.

Aspergum

for more than two decades a dependable
and welcome aid to patient-comfort

Ethically promoted. Prescription bottles of 36 tablets, dispensing bottles of 250.
