

Law & Society Review Condensed Style Sheet

Type manuscripts **double-spaced** on one side of the paper only. While manuscripts need not conform to this style sheet at the time of submission, all manuscripts must include an abstract, footnotes, and a list of references, and all accepted manuscripts must be revised by the authors to conform to the *Review's* style. **The rules listed below supplement the manuscript information on the inside front cover of the *Review*.** Authors are urged to consult *Review* issues in volume 26 or later for further illustrations. A detailed style sheet is available from the Editorial Office.

- 1. Abstracts.** All manuscripts should include an abstract of not more than 100 words. No abstracts are required for review essays or comments.
- 2. Footnotes.** Footnotes should be numbered sequentially (except for the author's footnote) and printed on pages immediately following the text (not at the foot of the page). They should contain only substantive comments and additional references not immediately relevant to the text.
- 3. Tables and Figures.** Tables should approximate the appearance of printed tables. Figures should be camera ready; provide originals, not xerographic copies. Tables and/or figures should be placed at the end of the text, after footnotes, appendixes, and references. Their location within the text should be indicated as follows:

Table 1 about here

- 4. Citations.** All notes that consist merely of supporting citations should be placed in parentheses in the text. For example:

In a thoughtful essay, Hayden (1991) . . .

OR

Media stories often portray the civil jury as generous (Daniels & Martin 1986:236; Hans 1989; Huber 1988).

The same general rules apply to footnote text.

- 5. References.** References are placed at the end of the manuscript following the footnotes. The list should contain only those sources actually cited in text or notes. Give authors' names as they appear in the original source. For more than one publication by the same author, list them in chronological order, with the older item first. For more than one publication in one year by the same author, use small (lower-case) letters to distinguish them (e.g., 1970a, 1970b).

Unwanted Sex

The Culture of Intimidation
and the Failure of Law

STEPHEN J. SCHULHOFER

Our laws provide comprehensive protection for property rights, labor, and other important interests, but sexual autonomy—the right to choose freely whether and when to be sexually intimate with another person—is devalued and ignored. With vivid examples, including stranger assaults, date rapes, and sexual encounters between job supervisors and subordinates, teachers and students, doctors and patients, lawyers and clients, Schulhofer shows that recent reforms of rape and sexual harassment law are inadequate. His proposals for a radically different approach hold the promise of genuine respect and effective protection for the sexual autonomy of both women and men. It is an ambitious yet sensible vision.

**THE CULTURAL LIFE OF

Authorship, Appropriation, and the Law

ROSEMARY J. COOMBE

"A sparkingly original synthesis of cultural studies and law. Coombe is a clever and edifying guide through the hidden landscape of property rights that subtly shapes so many cultural phenomena. . . ."—Bruce Robbins, Rutgers University

"This is highly original ethnography. Coombe not only shows us the lifeways of law, but also some fascinating routings between the streets and high theory, and back again. . . ."—Carol J. Greenhouse, Indiana University

"Coombe's own skills as anthropologist and lawyer have been re-combined to devastating effect."—Marilyn Strathern, University of Cambridge

THE ENCHANTMENT OF REASON

PIERRE SCHLAG

Claiming that reason has been endowed with a virtually mystical power to organize social life, Schlag unravels the seemingly rational world of judicial opinions, statutes, doctrines, and legal principles. He paints a shocking picture of the chaos and, indeed, violence of the American legal tradition.

"Schlag is one of the most exciting and interesting legal theorists now writing and this book shows all of his considerable virtues."—James Boyle, Washington College of Law, American University

"This is an important contribution to the genre of jurisprudential reflection. It considers some of the most difficult and sophisticated issues on the current intellectual scene and, unlike much 'postmodern' scholarly production, it is clear, well-argued, and often brilliantly written."—Gary Peller, Georgetown University Law Center

LAW AS POLITICS

Carl Schmitt's Critique of Liberalism

DAVID DYZENHAUS, EDITOR

Dyzenhaus presents translations of classic German essays on Schmitt alongside more recent writings by distinguished political theorists and jurists. *Law as Politics* offers the first balanced response to Schmitt's powerful critique of liberalism.

"*Law as Politics* reveals the full force of Schmitt's challenge to the pieties of liberal thought, as well as providing ample ammunition for those eager to meet it."—Martin Jay, University of California at Berkeley

Defending Rights And Just Futures In the Real World Order

This issue of *Social Justice* (Vol. 25, No. 2) demonstrates the interplay between world-systems theory, radical criminology, and human and civil rights struggles. Contributions emphasize theoretical concerns and implications for praxis and policy. Overarching themes concern the need to formulate imaginative global and local alternatives that take into account the shifting sands of historical advances in civil and political rights. Authors warn that a permanent “war” footing in social policy (such as the wars on drugs and crime) can have a destructive effect on democracy and the right to dissent, and that wide-scale criminalization can fracture existing and potential opposition movements.

A Matter of Interpretation

Federal Courts and the Law

Antonin Scalia

Edited by Amy Gutmann

"Love him or hate him (it's hard to imagine a neutral opinion), Scalia is a brilliant and engaging writer. This tantalizing short debate with his equally brilliant critics shows just how radical our most conservative justice is."—*San Francisco Chronicle*

"Scalia projects a sanguine humor through a robust prose enlivened by sly sallies against what he sees as the gaps in logic of the opposing camp. He is anything but the angry justice of popular myth."—*The Wall Street Journal*

Suburbs under Siege

Race, Space, and Audacious Judges

Charles M. Haar

In *Suburbs under Siege*, Charles Haar argues passionately that all people—rich or poor, black or white—have a constitutional right to live in the suburbs and that a socially responsible judicial system should vigorously uphold that right.

"This book will be invaluable to everyone concerned about the future of civil rights and the fundamental principles of justice and opportunity for all in our modern society."—Edward M. Kennedy
