A PROGRAMMED INTRODUCTION TO LINGUISTICS

by C. Buchanan

This modern approach to the study of linguistics provides a self-teaching format for speech and linguistics students. The course of study includes a definition of subject matter, phonetics, phonemics, and phonetic transcriptions of English words and sentences. Reviews and tests are included in the programme. **\$5.50**

APPLIED LINGUISTICS—ANTHOLOGY

edited by S. Belasco

The anthology contains articles reprinted from leading magazines devoted to foreign language teaching. These articles review current thinking on the pedagogical value of linguistics principles and broaden the teacher's view of the application of linguistics to language teaching. The individual language books (see below) each have a general introduction, pattern drills, and a study of how to apply linguistics to language teaching.

APPLIED LINGUISTICS—ANTHOLOGY	\$3.80	APPLIED LINGUISTICS—RUSSIAN	\$2.80
APPLIED LINGUISTICS—FRENCH	2.80	APPLIED LINGUISTICS—SPANISH	2.80
APPLIED LINGUISTICS—GERMAN	2.80	APPLIED LINGUISTICS—ITALIAN	2.80

Important New Books

STANDARD COLLEGE DICTIONARY / Canadian Edition

Since its publication in November, 1963, the STANDARD COLLEGE DICTIONARY / Canadian Edition has won widespread critical approval. "This seems to be an excellent addition to the authoritative works on the English language as used in North America, and the attention paid in it to Canadian usages is both welcome and valuable" (R. W. Wiles, Chairman of the English Department, McMaster University).

Price/\$7.50

THE ORIGINS AND DEVELOPMENT OF THE ENGLISH LANGUAGE / T. Pyles

Dr. Pyles served on the Editorial Advisory Board for the STANDARD COLLEGE DICTIONARY. His latest book is the first wholly new history of the English Language to appear in many years. THE ORIGINS AND DEVELOPMENT OF THE ENGLISH LANGUAGE focuses on purely linguistic phenomena, and provides a solid, chronological account of the development of English, treating fully both grammatical change and vocabulary accretions.

Probable publication/March 1964

Probable price/\$7.65

DICTIONARY OF CANADIAN ENGLISH

The Intermediate Dictionary

Edited by

W. S. AVIS

R. J. GREGG

M. H. SCARGILL

W. J. GAGE LIMITED is proud to announce publication of the second volume in its series of Canadian dictionaries. Intended for Grades 6 to 9, *The Intermediate Dictionary* contains over 64,000 entries and nearly 90,000 meanings. It includes many common Canadian terms and meanings that were not in *The Beginning Dictionary* and have never been entered in any other dictionary.

Edited by linguists who are established scholars in the field, these dictionaries are almost unique in attempting a linguistically honest description of Canadian English—in terms of vocabulary, spelling, and pronunciation.
