**A HISTORY OF ENGLISH CRIMINAL LAW
AND ITS ADMINISTRATION FROM 1750**

Volume 5

THE EMERGENCE OF PENAL POLICY

Sir Leon Radzinowicz and Roger Hood

This eagerly awaited volume of the widely acclaimed **History of English Criminal Law and its Administration** covers a period crucial to any understanding of present-day penal problems – the Victorian and Edwardian era. The achievements and failures of this period laid the foundations of what we are doing today. They also exposed the many social and ethical dilemmas and conflicts characteristic of systems of criminal justice, not only in Britain, but in other contemporary western democracies, and indeed in authoritarian states.

The authors have made a truly determined and successful attempt to unravel, bring together and interpret all the major sources, both published and unpublished. In its scope and emphasis it is an authoritative work, which cannot fail to be consulted by those engaged in historical, social, moral and political pursuits, as well as in legal and criminological studies. Because of the stimulating style of writing, the clarity of exposition, and the way events move forward, the massive character of the book will not deter readers. Naturally this fifth volume of the **History** is connected in many important ways with the four which preceded it. Nevertheless, it unfolds a self-contained and distinctive story and therefore stands on its own.
