Editorial

Should we reconsider how we manage mild obstructive sleep apnoea?: *J Fishman, E Fisher* 827

Review Article

Should mild obstructive sleep apnoea be treated? A systematic review from the standpoint of disease progression: *PY Fong, ZY Tay, RY Soh, SMC Fook, HH Li, CQ Phua* 828

Main Articles

Associative factors for tracheostomy in patients presenting with stridor or upper airway obstruction: *PR Sharma, A Ahmeidat, S Drever, M Shakeel* 840

Potential overestimation of cognitive impairment because of hearing loss: impact of test modalities on cognitive test scores: *MW Kim, MH Jin, JY Choi, MY Kwak* 845

Congenital aural atresia: hearing rehabilitation using active middle-ear implants: *S Thurnheer, T Müller, T Linder, D Simmen, M Harder* 851

Disposable versus reusable fibre-optic nasendoscopes: a national survey of UK ENT surgical trainees and a single-centre cost-analysis: *L Jegatheeswaran, K Oungpasuk, B Choi, M Nakhoul, S Gokani, A Espehana, T Naing, OT Burgan* 866

Vertigo symptom scores and videonystagmographic examinations in recovered coronavirus disease 2019 patients: *E Cekic, S Uşaklıoğlu* 873

The role of large cavity sinus surgery in the management of chronic rhinosinusitis in non-steroidal anti-inflammatory drug exacerbated respiratory disease: a single-centre experience and long-term outcomes: *AL Pendolino, F Bandino, A Navaratnam, T Ross, A Qureishi, P Randhawa, P Andrews* 883

Use of peripheral blood eosinophils to guide post-operative glucocorticoid therapy in patients with chronic rhinosinusitis with nasal polyps: a randomised, controlled trial: *Y Liu, Z Xing, C Geng, Y Liu, J Cao, Y Yang, T Pan, L Yu* 890

The isolated symptom of unilateral tonsillar enlargement has limited value in adults with a suspected head and neck cancer pathway: *KL Lau, A Rajgor, A Muzammil, R Scurrah, H Cocks, N Oozeer* 902

Predictive factors of revision stapes surgery in otosclerosis: *S Normant, A Gendre, S Boucher, B Godey, P Bordure, G Michel* 906

Efficacy of surgeon-performed, intra-operative ultrasound scan for localisation of parathyroid adenomas in patients with primary hyperparathyroidism: *A Habib, E Molena, C Snowden, J England* 910

The role of telephone clinics in ENT: *M Brimiouille, I Arih, A Pervaiz, W Patel, A Davies, M Sekyi-Djan, A Qureishi, K Chaidas* 914

Significance of nasal septal deviation among patients with antrochoanal polyp: *N Rozendorn, M Warman, E Zloczower, J Mansour, A Yakirevitch* 921

Factors influencing nodal yield in neck dissections for head and neck malignancies: *J Hintze, B Lang, T Subramaniam, N Kruseman, E O'Regan, S Brennan, P Lennon* 925

Cross-over septal flap technique for choanal atresia surgery in two centres: how I do it: *HA Elhassan, A Karligkiotis, K Searyoh, J Zocchi, G Bozkurt, F Bandi, M Birss, G Adegboyega, M Turri-Zanoni, P Battaglia, M Bignami, P Castelnuovo* 930

Clinical Records

Use of tobramycin-impregnated antibiotic beads in frontal sinus osteomyelitis: *E Richards, N Qamar, P Naik, S Ahmed* 934

Cartilage grafts mimicking cholesteatoma recurrence on diffusion-weighted magnetic resonance imaging: a case series: *H Walters, L Lee-Warder, Y Mentias, P Arullendran* 938

Erratum

942
