

Law & Society Review Condensed Style Sheet

Type manuscripts **double-spaced** on one side of the paper only. While manuscripts need not conform to this style sheet at the time of submission, all manuscripts must include an abstract, footnotes, and a list of references, and all accepted manuscripts must be revised by the authors to conform to the *Review's* style. **The rules listed below supplement the manuscript information on the inside front cover of the *Review*.** Authors are urged to consult *Review* issues in volume 26 or later for further illustrations. A detailed style sheet is available from the Editorial Office.

- 1. Abstracts.** All manuscripts should include an abstract of not more than 100 words. No abstracts are required for review essays or comments.
- 2. Footnotes.** Footnotes should be numbered sequentially (except for the author's footnote) and printed on pages immediately following the text (not at the foot of the page). They should contain only substantive comments and additional references not immediately relevant to the text.
- 3. Tables and Figures.** Tables should approximate the appearance of printed tables. Figures should be camera ready; provide originals, not xerographic copies. Tables and/or figures should be placed at the end of the text, after footnotes, appendices, and references. Their location within the text should be indicated as follows:

Table 1 about here

- 4. Citations.** All notes that consist merely of supporting citations should be placed in parentheses in the text. For example:

In a thoughtful essay, Hayden (1991) . . .

OR

Media stories often portray the civil jury as generous (Daniels & Martin 1986:236; Hans 1989; Huber 1988).

The same general rules apply to footnote text.

- 5. References.** References are placed at the end of the manuscript following the footnotes. The list should contain only those sources actually cited in text or notes. Give authors' names as they appear in the original source. For more than one publication by the same author, list them in chronological order, with the older item first. For more than one publication in one year by the same author, use small (lower-case) letters to distinguish them (e.g., 1970a, 1970b).

BOOKS: Last Name, First Name (year) Title of Book. City: Publisher.

Example: Lerner, Melvin J. (1980) Belief in a Just World. New York: Plenum.

CHAPTER IN EDITED VOLUME:

Example: Glazer, Nathan (1979) "The Judiciary and Social Policy," in L. Theberge, ed., The Judiciary in a Democratic Society. Lexington, MA: Lexington Books.

ARTICLES: Last Name, First Name (Year) "Title of Article," volume number Journal initial page of article. (Give month or issue number if each issue is separately paginated.)

Examples: Padgett, John F. (1990) "Plea Bargaining in Prohibition," 24 Law & Society Rev. 413.

Brill, Steven, & James Lyons ((1986) "The Not-So-Simple Crisis," American Lawyer 12 (May).

UNPUBLISHED PAPERS:

Example: Lofquist, William S. (1991) "The Development of Organizational Probation." Presented at American Society of Criminology annual meeting, San Francisco.

All cases cited in text are listed under "Cases Cited" following the References. All statutes cited are listed under "Statutes Cited." For style for cases and statutes, see *A Uniform System of Citation*.

Virtual Justice

The Flawed Prosecution of Crime in America

H. Richard Uviller

A distinguished legal authority examines the flaws, contradictions, and weaknesses in the American justice system, telling gripping stories about the investigation and trial of criminal cases.

"Thoughtful, accessible and often personal."
—*Publishers Weekly*

"*Virtual Justice* both enlightens and entertains."
—Scott Turow \$30.00

The Strange Career of Legal Liberalism

Laura Kalman

"Laura Kalman invents a fresh art form: intellectual history by conversation. A shrewd, lively, and sometimes wickedly funny guide to the arguments of lawyers, historians and social scientists in the last generation about the role of courts and judicial review."
—Linda K. Kerber \$40.00

Courts, Law, and Politics in Comparative Perspective

new in cloth and paper

Herbert Jacob, Erhard Blankenburg, Herbert M. Kritzer, Doris Marie Provine, and Joseph Sanders

"The book does a fine job of demonstrating the politicization of the judicial process in five industrial nations. Its comparative analysis fills an important gap in the literature."
—James P. Levine cloth \$45.00; paper \$20.00

Antidiscrimination Law and Social Equality

Andrew Koppelman

"A radical and important argument for enlisting the Constitution's anti-discrimination guarantees in the service of cultural transformation. Even those who disagree with Koppelman's vision will be impressed by the elegance of his analysis."

Suburbs under Siege

Race, Space, and Audacious Judges

Charles M. Haar

In April 1974, Ethel Lawrence, an African-American woman who lived in Mount Laurel, New Jersey, launched a lawsuit whose results are still being felt in New Jersey and throughout the U.S. Her suit resulted in a series of landmark decisions by the New Jersey Supreme Court that affirmed the right of all residents—rich and poor, black and white—to live in affordable housing in the suburbs. *Suburbs under Siege* is the story of this case, its outcomes, and its implications.

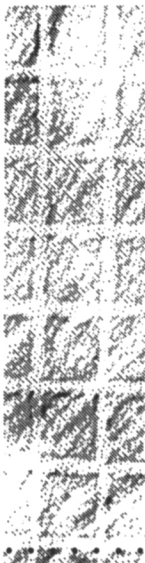

“Charles Haar’s thoughtful and eminently readable study is a major contribution to the current debate over the growing polarization between cities and suburbs. This book will be invaluable to everyone concerned about the future of civil rights and the fundamental principles of justice and opportunity for all in our modern society.”—Edward M. Kennedy, U.S. Senate

Down from Bureaucracy

The Ambiguity of Privatization and Empowerment

Joel F. Handler

Throughout the world, politicians are dismantling state enterprises and heaping praise on private markets, while in the United States a new rhetoric of “citizen empowerment” links a widespread distrust of government to decentralization and privatization. Here Joel Handler asks whether this restructuring of authority really allows ordinary citizens to take more control of the things that matter in their lives. He traces the ideological shifts of empowerment from its beginning as a cornerstone of the war on poverty in the 1960s to its central place in conservative market-based voucher schemes for school reform in the 1990s.

“A terrific book that promises to be to this generation of scholarship what E. E. Schattschneider’s *The Semi-Sovereign People* was to its generation, namely the book to which everyone must be attentive.”—Austin Sarat, Amherst College

Strangers to the Constitution

Immigrants, Borders, and Fundamental Law

Gerald L. Neuman

Gerald Neuman discusses the repeated efforts of U.S. insiders to claim the Constitution as their exclusive property and to deny constitutional rights to aliens and immigrants—and even citizens if they are outside the nation's borders. Tracing such efforts from the debates over the Alien and Sedition Acts in 1798 to present-day controversies about illegal aliens and their children, the author argues that whenever the government asserts its power to impose obligations on individuals, it brings them within the constitutional system and should afford them constitutional rights.

"Neuman's depth and breadth of scholarship are impressive, perhaps even unique among scholars currently writing about immigration law. He [writes] in a way that should hold the attention both of specialists and of readers who are not expert in these fields."—Grover Joseph Rees, Former General Counsel of the U.S. Immigration and Naturalization Service

Rethinking Abortion

Equal Choice, the Constitution, and Reproductive Politics

Mark A. Graber

Mark Graber looks at the history of abortion law in action to argue that the only defensible, constitutional approach to the issue is to afford all women equal choice—abortion should remain legal or bans should be strictly enforced. He compares the philosophical, constitutional, and democratic merits of the two systems of abortion regulation witnessed in the twentieth century: pre-*Roe v. Wade* statutory prohibitions on abortion and *Roe's* ban on significant state interference with the market for safe abortion services. Graber demonstrates that before *Roe*, pro-life measures were selectively and erratically administered, thereby subverting our constitutional commitment to equal justice.

"Mark Graber takes on the big guns in the field of abortion law and finds them wanting. . . . His perspective is fresh and significant."—Doris Marie Provine, Syracuse University

The Constitutional Logic of Affirmative Action

Ronald J. Fiscus

Stephen L. Wasby, editor

With a New Foreword by Stanley Fish

"At a time when the mere mention of quotas sends politicians of all stripes running for cover, it is remarkable to see someone looking at the word calmly, and making distinctions which show that, like anything else, quotas can be well used or used in ways that are unjust."

Violence as Obscenity: Limiting the Media's First Amendment Protection

Kevin W. Saunders

Saunders boldly calls into question the assumption that violent material is protected by the First Amendment. Citing a recognized exception to the First Amendment that allows for the regulation of obscene material, he seeks to expand the definition of obscenity to include explicit and offensive depictions of violence.

LEGAL REASONING AND POLITICAL CONFLICT

Cass R. Sunstein

"A significant addition to our understanding of how law works and of the nature of law itself. He explains in lucid prose, with many concrete examples, the components of good (and bad) legal reasoning and how they contribute to the outcome of legal controversies. Sunstein's ideas, which combine keen insight, common sense, and a vast knowledge of legal materials, are sure to prompt discussion. His account of 'incompletely theorized agreements' especially is original and important. The book will be of great value to scholars as well as to those who are beginning the study of law."

—LLOYD L. WEINREB,

DANE PROFESSOR OF LAW, HARVARD UNIVERSITY

"If you are looking for an account of law that avoids the impossibly abstract choices posed by most legal theory and puts you in touch with the law as it really works, this is it."

—STANLEY FISH, DUKE UNIVERSITY

DECISION

How the Supreme Court Decides Cases
Bernard Schwartz

"Privy to heretofore unrevealed internal memoranda, Professor Bernard Schwartz has produced a remarkable scholarly analysis of Supreme Court practice and the thought processes of past and present justices who have been at the helm of our nation's judiciary."

—STANLEY MOSK, JUSTICE, SUPREME COURT OF CALIFORNIA

"This fascinating book shows how the major decisions of the Supreme Court came to be, including *Roe v. Wade*.... In all, a terrific primer on the Supreme Court, the true lawgivers of the republic." —*Booklist*

"While Supreme Court decisions determine the rights of all individuals and the powers of all government officials, the Court's deliberations and actions that lead to these vitally important decisions are largely shielded from public view. By shedding valuable light on the Court's behind-the-scenes workings, *Decision* should enrich public understanding and support of our constitutional liberties and the Justices who uphold them."
