## HISTORY OF MODERN EUROPE: 1878-1919

By GEORGE P. GOOCH, *Cambridge University*

"The first readable digest of all the new but scattered information concerning the recent history of international diplomacy. Mr. Gooch is a splendid exemplar of the historian who can be at once objective and interesting."—Carlton J. H. Hayes in *The New Republic*. Still the best study of modern diplomatic history yet published!

\$5.00

Library Edition \$6.25

## INTERNATIONAL RELATIONS\*

By RAYMOND LESLIE BUELL, *Harvard University*

"I have examined the book with some care, and it seems to me to be the best thing of the sort that has yet appeared. We shall make a place for it in one of our courses."—Professor J. S. Reeves, *University of Michigan*.

\$4.00

Library Edition \$5.00

## HISTORY OF ENGLAND AND THE BRITISH COMMONWEALTH

By LAURENCE M. LARSON, *University of Illinois*

"Throughout the work one is forcibly struck by that sense of fairness which characterizes Professor Larson's opinions and criticisms. He has made good use of modern research, and maintained an excellent sense of proportion in the narrative."—*The London Times Literary Supplement*.

\$4.50

Library Edition \$5.50

## THE GROWTH OF THE UNITED STATES

By RALPH VOLNEY HARLOW, *Yale University*

"Professor Harlow has produced an extremely interesting college textbook on American history. While it holds pretty close to the ancient rubrics of political and military history, it does not overburden the reader with details, and the narrative moves along in more lively fashion than any other comparable work."—Harry Elmer Barnes in *Social Forces*.

\$4.00

Library Edition \$5.00

## AMERICAN CITY GOVERNMENT\*

By WILLIAM ANDERSON, *University of Minnesota*

"Professor Anderson's work is primarily a textbook for the college student. It is more: it is a good college textbook. . . . Certain chapters are worthy of especial commendation: the chapters on the people in our cities, on the electorate, on public opinion, on administration and the civil service, and on finance."—Jerome G. Kerwin in *The New Republic*.

Library Edition \$5.00

## AMERICAN SOCIAL HISTORY

As Recorded by British Travellers

By ALLAN NEVINS

"An excellent work in collateral reading in connection with a course in American history. The selections seem to have been very wisely chosen and the notes are informative and adequate. The work is one that should command a wide sale."—Professor H. V. Ames, *University of Pennsylvania*.

\$3.00

Library Edition \$4.00

## THE FEUDAL REGIME

By CHARLES SEIGNOBOS

This compact study is now available in a new printing. It brings together the most common characteristics of the society and the usages in feudal countries from the tenth to the thirteenth centuries, and gives an accurate and vivid picture of the life of the time.

## **MUNICIPAL GOVERNMENT IN THE UNITED STATES**

By Thomas H. Reed

*Professor of Municipal Government and Director of the  
Bureau of Government at the University of Michigan*

This book is a highly informing and interesting treatment of municipal government by a writer who is not only a leading teacher of the subject but an experienced municipal administrator. It stresses the development of American municipal institutions and methods from colonial times to the present, but naturally deals most fully with municipal organization and problems of today. There is no lack of critical comment; yet the facts are presented as they are, not as the author believes they should be.

## **THE PRACTICE OF MUNICIPAL ADMINISTRATION**

By Lent D. Upson

*Director and Secretary of the Detroit Bureau of Governmental Research*

The purpose of this volume is to familiarize the student with the many important problems of administration which the citizen must understand if he is to appreciate fully the work of the technicians in public service. The book interprets administration as including not only organization, supervision, and control of municipal processes, but also the practice and procedure of carrying on these activities.

## **DOCUMENTS ILLUSTRATIVE OF MUNICIPAL GOVERNMENT AND ADMINISTRATION**

By Thomas H. Reed

*Professor of Municipal Government and Director of the  
Bureau of Government at the University of Michigan*

and

**Paul Webbink**

*Secretary of the Bureau of Government at the University of Michigan*

This volume of illustrative materials has been planned to supplement any standard text in municipal government or administration, but it will be found particularly well adapted to the Reed and Upson volumes described above. It contains many documents which until now have been inaccessible to a large majority of college students. The volume is designed to afford both the historical perspective necessary for an understanding of present-day municipal government and a view of modern municipal organization.
