

**The North American Conference on British Studies
Announces the Winners of 2003 Prizes for Scholarship**

The John Ben Snow Prize for the best book of 2003 in any field of British studies dealing with the period from the Middle Ages through the eighteenth century has been awarded to

David Kuchta for his book
The Three-Piece Suit and Modern Masculinity: England, 1550–1850
University of California Press, 2002

The British Council Prize in the Humanities for the best book of 2002 on any aspect of British studies since 1800 has been awarded to

Nicoletta F. Gullace for her book
*“The Blood of Our Sons”:
Men, Women, and the Renegotiation of British Citizenship
during the Great War*
Palgrave Macmillan, 20021

The Walter D. Love Prize for the best scholarly article of 2002 in any field of British studies has been awarded to

Margaret Sankey and Daniel Szechi for their article
“Elite Culture and the Decline of Scottish Jacobitism, 1716–1745”
Past and Present, no. 173 (November 2001)

with honorable mentions to

Kevin Grant for his article
“Bones of Contention: The Repatriation of the Remains of Roger Casement”
Journal of British Studies, vol. 41 (2002)

and to Anne Spry Rush for her article
“Imperial Identity in Colonial Minds:
Harold Moody and the League of Coloured Peoples, 1931–50”
Twentieth Century British History, vol. 13 (2002)

The NACBS Dissertation Year Fellowship of 2003 has been awarded to

Amy Milne-Smith, University of Toronto, for a project entitled
“London Gentleman’s Clubs, 1860–1914:
Masculinity, Class, and Community in Victorian England”

The NACBS Dissertation Year Fellowship Runner-Up of 2003
has been awarded to

Deborah Hughes, University of Illinois at Urbana-Champaign, for a project entitled
“Exhuming the Pharaoh:

The Discovery of Tutankhamen’s Tomb and British Imperial Culture”

The NACBS-Huntington Library Fellowship for 2003 has been awarded to

Abigail Swingen, University of Chicago, to help support a project entitled
“The Politics of Labor and the Origins of the British Empire, 1650–1720”

Hatred and Civility

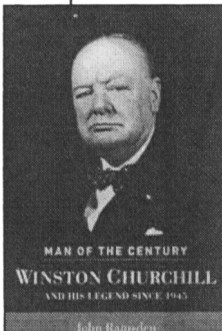

The Antisocial Life in Victorian England

Christopher Lane

Delivering a surprising new perspective on the past, *Hatred and Civility* shows that the fanatics and terrorists troubling us today have many precursors in our supposedly moral ancestors.

“Lane’s urbane and nuanced study of that most anomalous yet central figure—the good Victorian hater—restores to us the shadowy other of the age’s much-vaunted ethic of sympathy.” —Nicholas Dames, Columbia University

Scandal

The Sexual Politics of the British Constitution

Anna Clark

Are sex scandals simply trivial distractions from serious issues or can they help democratize politics? Why do some scandals cause political change while others fizzle?

In vibrant prose and with vivid character sketches, Anna Clark examines six major British scandals between 1763 and 1820. In doing so, she opens a new window onto both women's history and constitutional history. She also shows readers what today's democracies owe to yesterday's scandals.

"[An] original and engaging work.... With the publication of *Scandal*, all types of political scandal ... will have to be taken with the seriousness they deserve [and] no longer written off as the quaint by-ways of history."

—Leonore Davidoff, University of Essex

Cloth \$29.95 ISBN 0-691-11501-X Due January

A Shrinking Island

Modernism and National Culture in England

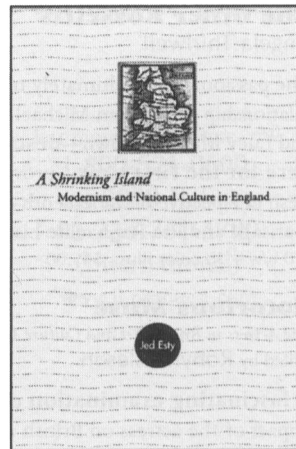

Jed Esty

The first comprehensive account of modernism and imperialism in England, *A Shrinking Island* tracks the joint eclipse of modernist aesthetics and British power from the literary experiments of the 1930s through the rise of cultural studies in the 1950s.

"A brilliant study of the intricate relationship between late modernism and the shaping of English national culture. Without doubt, one of the best books on modernism and imperialism."—Simon Gikandi, University of Michigan

Blown by the Spirit

Puritanism and the Emergence of an Antinomian Underground in Pre-Civil-War England

DAVID R. COMO

"David Como is the first to trace what might be called the pre-history of English antinomianism. What he has done is to put together the complicated story of early seventeenth century antinomianism in all its complexity and show the influences on their thought and the connections among them and their followers. Puritanism, particularly London Puritanism, will never look the same again."

—Paul Seaver, Stanford University

This book traces the story of the Antinomians, the most important puritan radical group of the English civil war. Most historians have been skeptical about the existence of this group, or any group like it. This book provides the proof of their existence as well as evidence of the important role they played in the pre-history of the English civil-war.

GENDER AND SCIENCE

Spring 2003 (28:3)

The field of gender and science produces some of the most innovative and controversial work in contemporary scholarship. This single-topic issue includes state-of-the-art discussions and provocations by distinguished researchers and scholars from physics, archaeology, biology, environmental studies, and the history of science, as well as reviews of twenty-two recent books in the field.

Ruth Hubbard, Karen Barad, Evelyn Hammonds, Londa Schiebinger, Margaret Conkey, Joni Seager, Margaret Wertheim, Bonnie Spanier, Nancy Brickhouse, and Sue Rosser are among the influential contributors.

History of Science

NEW FROM CHICAGO

GEOFFROY SAINT-HILAIRE

A Visionary Naturalist

Hervé Le Guyader

"We are all familiar with the acrimonious debate that took place early in the nineteenth century between Cuvier and Lamarck over the possibility of species' evolving, but it was followed by a no less acrimonious debate, this time between Cuvier and Geoffroy Saint-Hilaire over the number of basic body plans needed to capture all the variability to be found in the animal kingdom—four according to Cuvier, one according to Geoffroy. But as this controversy continued, it turned into a debate over evolution. At the time, Cuvier won. Now for the first time in English Geoffroy gets his say."—David L. Hull, Northwestern University

CLOTH \$45.00

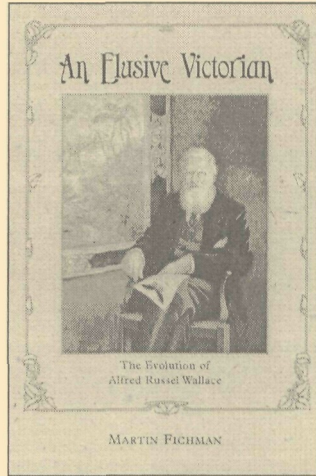

WHEN SCIENCE AND CHRISTIANITY MEET

Edited by David C. Lindberg and Ronald L. Numbers

"This book tells the story of twelve discrete episodes in the long history of the relationship between science and Christian belief. In accessible, evocative prose, the authors examine a collection of the most instructive cases of interaction, ranging from rivalry at one extreme to partnership at the other. In the process, they reveal the human side of science/religion interactions and the importance of local circumstance in determining the outcome. *When Science and Christianity Meet* is a superb volume, which belongs at the top of any science-and-religion book list for the general reader."

—Nicolaas Rupke, Göttingen University

CLOTH \$29.00

AN ELUSIVE VICTORIAN

The Evolution of Alfred Russel Wallace
Martin Fichman

"Alfred Russel Wallace is best known as the obscure naturalist whose serendipitous discovery of natural selection prompted Darwin to rush out *On the Origin of Species*. Because he later came to embrace both spiritualism and radical politics, Wallace tends also to be paraded as a prime specimen of late career decline—of the plunge from scientist to flake. Martin Fichman's superbly comprehensive study will do much to rescue Wallace from this undeserved obscurity and from these misunderstandings. Fichman [insists] rightly that Wallace can only be properly understood when viewed as a whole. Fichman has done a marvelous job in tracking down his protean quarry to give us a wonderfully complete portrait of an elusive and extraordinary Victorian."—Andrew Berry, editor of *Infinite Tropics: An Alfred Russel Wallace Anthology*

READING THE EAST INDIA COMPANY 1720-1840

Colonial Currencies of Gender
Betty Joseph

"The colonial archive, the repository for East India Company documents, yields up its secrets to Betty Joseph's sleuthing eye to reveal original readings of colonial encounters. Replete with fascinating details of calicoes and bungalows, sati and the Black Hole, this engrossing tale inventories colonialism's manipulation of female subjects as well as their unexpected agency in response. *Reading the East India Company* is a must-read for anyone interested in colonialism's checkered history."

COLLABORATIVE CIRCLES

Friendship Dynamics and Creative Work

Michael P. Farrell

Many artists, writers, and other creative people do their best work when collaborating within a circle of likeminded friends. Michael P. Farrell looks at the group dynamics in six collaborative circles, including the French Impressionists; Sigmund Freud and his friends; and C. S. Lewis, J. R. R. Tolkien, and the Inklings.

"The result of over 20 years of research, this well written and intellectually stimulating book should be in the libraries of all who are interested in the sociology of the arts and the dynamics of social change."
