Basic Legal Documents – Instalment 5

edited by **Karl-Heinz Böckstiegel, Marietta Benkö**

New developments in space law have necessitated the updating of the collection of material contained in Volume 2 of *Space Law: Basic Documents*. This is done in Instalment 5, which updates the sections on International Organizations (Part C) International Cooperation (Part D), and National Legislation (Part E); thus ensuring that *Space Law: Basic Legal Documents* remains authoritative, up-to-date and complete.

'*Space Law: Basic Legal Documents* cannot be missed by anyone working in or interested in international space law'.
