the Cognitive Behaviour Therapist

Published for the British Association for Behavioural and Cognitive Psychotherapies (BABCP)

Editor-in-Chief

Richard Thwaites, *Cumbria Partnership NHS Foundation Trust, UK*

tCBT is an interdisciplinary, peer-reviewed journal aimed primarily at practitioners of cognitive behaviour therapy in the helping and teaching professions. It features papers covering clinical and professional issues, which contribute to the theory, practice and evolution of the cognitive and behavioural therapies. The journal publishes papers that describe new developments, are practice-focused, detail clinical interventions, research reports, case reports, practice audits, and reviews of clinical scales. The journal also publishes papers that have an education, training or supervision focus, or reviews of recently published literature.

Medicine

Books and Journals from Cambridge University Press

The Cambridge Medicine programme focuses its book publishing in a defined set of core clinical areas with our great strength in the clinical brain sciences. Other specialties of significant focus include reproductive medicine/obstetrics and gynaecology, anaesthesia and critical care, emergency medicine and pathology.

Our journals programme covers a broad spectrum of medical disciplines including emergency and disaster medicine, epidemiology and infectious diseases, biomedical science, genetics, nutrition, mental health and psychiatry, and neuroscience.

We partner with many learned societies including The Society for Healthcare Epidemiology of America, and the Neuroscience Education Institute, and the Royal College of Obstetricians and Gynaecologists.
