## New Perspectives on Turkey

Published in collaboration with New Perspectives on Turkey

### Editors

Deniz Yüksekler, *Istanbul Aydın University, Turkey*

Zafer Yenil, *Boğaziçi University, Turkey*

*New Perspectives on Turkey (NPT)* is a peer-reviewed social science journal published biannually. The aim of the journal is to provide an intellectual platform for scholarly debates and ideas relating to the history, politics, society, economy and culture of Turkey and the Ottoman Empire. In addition to research directly concerned with Turkey and the Ottoman Empire, comparative perspectives and theoretical contributions relevant to such research are also actively solicited. The variety of material in the past issues - ranging from Ottoman history to contemporary politics, from sociological inquiries to economic analysis, and from general theoretical concerns to interventions in specific debates - reflects the diversity of the journal's area of interests. *New Perspectives on Turkey* publishes articles, book reviews, review articles, commentaries and reports on conferences. Each submission goes through a double blind review process. *NPT's* policy is that published articles make original and strong theoretical and/or empirical contributions in their scholarly fields.

*New Perspectives on Turkey* is available online at:

Published for The Social Philosophy and Policy Foundation

## Editors

Ellen Frankel Paul, *Bowling Green State University, USA*

Fred D. Miller, Jr., *Bowling Green State University, USA*

Jeffrey Paul, Jr., *Bowling Green State University, USA*

*Social Philosophy and Policy* is an interdisciplinary journal with an emphasis on the philosophical underpinnings of enduring social policy debates. The issues are thematic in format, examining a specific area of concern with contributions from scholars in philosophy, economics, political science and law. While not primarily a journal of policy prescriptions, some articles in each issue will typically connect theory with practice.

**Jürgen Renn**, *Max-Planck-Institut für Wissenschaftsgeschichte, Berlin, Germany*

*Science in Context* is an international journal edited at The Cohn Institute for the History and Philosophy of Science and Ideas, Tel Aviv University, with the support of the Van Leer Jerusalem Institute. It is devoted to the study of the sciences from the points of view of comparative epistemology and historical sociology of scientific knowledge. The journal is committed to an interdisciplinary approach to the study of science and its cultural development - it does not segregate considerations drawn from history, philosophy and sociology. Controversies within scientific knowledge and debates about methodology are presented in their contexts.
