THE MODERN HISTORY OF JAPAN

by W. G. BEASLEY

Acclaimed by the press, **THE MODERN HISTORY OF JAPAN** is an invaluable basic text. In it, to quote Robert Trumbull further, "W. G. Beasley, professor of Far Eastern history at the University of London, recapitulates the advance of Japan into the contemporary world, after centuries of self-imposed isolation, from the end of feudalism in 1868 up to the present. . . . Beasley's preamble to his account of the fall of the Shogunate, the 'restoration' of Emperor Meiji and subsequent events, indicates that the disorder so noticeable in Japanese politics today had its beginnings long ago." CHUANG TZU:

Basic Writings

Burton Watson, Translator

This book is a companion volume to the already published writings of Mo Tzu, Hsün Tzu, and Han Fei Tzu. It makes available in a scholarly and readable translation a generous selection from this major Chinese philosopher. Chuang Tzu was a Taoist, and the book which bears his name is considered one of the wittiest and most imaginative works in Chinese literature. Through parable and anecdote, allegory and paradox, and rich imagery, Chuang Tzu sets forth the central theme that man, by understanding Tao (the Way of Nature) and dwelling in its unity, achieves true happiness and is truly free in both life and death.

MUSLIM CIVILIZATION IN INDIA

S. M. Ikram
Ainslie T. Embree, Editor

This book is a vivid account of the pageantry of India's history during the centuries of Muslim supremacy. It covers the colorful era from the advent of Islam, in 712, to 1858, when the management of Indian affairs passed from the East India Company to the direct control of the British government. Social issues, educational advancements, and developments in the arts are given careful attention. The ever-burning religious issues are fully described. The characters who shaped this history—sultans and emperors, prime ministers and religious leaders, traitors and martyrs, villains and saints—are dramatically presented. \$6.00

THE COMMUNISM OF MAO TSE-TUNG

By ARTHUR A. COHEN

The theoretical writings of Mao Tse-tung are holy scripture for at least part of the Communist movement and are actively promulgated throughout most of the world. Mr. Cohen's knowledge of Chinese society and of the diverse history of Marxist thought and his knowledge of the Chinese and Russian languages makes it possible for him to subject Mao's claims to a very close and dispassionate analysis.

THE SPIRITUAL HERITAGE OF INDIA

*by Swami Prabhavananda, with
Frederick Manchester.*

Unlike most others, Indian culture has never really distinguished philosophy from religion. Swami Prabhavananda, the most famous living Indian author on the subject, leads the reader of this comprehensive and authoritative history through the varieties of Indian thought from the early sacred writings to the recent revival of the ancient Vedanta. Covering the various forms of Hinduism, Buddhism, Jainism, and the true Yoga cults, he quotes generously from the writings of India's rich heritage and reveals the wonders of his country's philosophy to the Western reader as a holy seer would reveal divine interpretation to a favored disciple.

Political Theory of Ancient India

A Study of Kingship

from the Earliest Times to circa A.D. 300

By JOHN W. SPELLMAN. Dr. Spellman's highly original work emphasizes the political ideas and attitudes of ancient India without undue reference to Western political theory. He concentrates heavily on Kingship, the usual form of ancient Indian government, and deals in detail with the origins of government, law and statecraft; the economic and religious aspects of rulership, and revolution. Appendixes include a chronological table, glossary, and bibliography. \$6.10

The Tribal World of Verrier Elwin

By VERRIER ELWIN. An Oxonian and a bishop's son, Verrier Elwin left a secure life for the uncertainties of existence with the natives of India. For thirty years he worked with and observed the hill tribes of the interior, and his books have become classics in the interpretation of primitive life. His posthumous autobiography is "fascinating . . . strangely moving . . . by any standard an absorbing account . . . [his] life was lived in a fashion to make good autobiography."—*N.Y. Times Book Review*. "Highly literate, incisively witty . . . contains details of the author's personal life . . . but centers on the problems of tribal people in a rapidly changing India."—*Booklist*. *Illustrated*. \$6.75

Caste in India

Its Nature, Function, and Origins; Fourth Edition

By J. H. HUTTON. This revised edition of a book first published in 1946 provides a compact outline of the nature and origin of the caste system in India which gives sufficient weight to Southern India, and takes account of modern racial theories. It surveys India's racial elements as a whole and area by area, and describes the effects of the caste system on daily life. "The author shows . . . an unbiased, objective, scientific approach and encyclopaedic knowledge of anthropological data. The book is one which no student of the caste system in India can afford to neglect."—*Hindustan Times*. *2 maps*. \$4.00

VILLAGE LIFE in OLD CHINA A Community Study of Kao Yao, Yünnan

CORNELIUS OSGOOD, Yale University

This rare and accurate portrayal fully reflects the customs and relationships of the traditional culture of old China. Based on the author's visit to the interior village of Kao Yao, Yünnan in 1938, the book recaptures much of the beauty and excitement of what has since been obliterated by intervening events—family life and social order, business practices, property, habitation, education, recreation, religion, and the rights of shamanism. 1963. 421 pp., *illus.* \$8.50

BONSAI: TREES and SHRUBS A Guide to the Methods of Kyuzo Murata

LYNN R. PERRY, Brooklyn Botanic Garden

Ready in November! A beautifully illustrated guide to the art of growing miniature trees and shrubs as taught and practiced by a leading Japanese bonsai authority. Book shows how to work with about 70 individual species, including many native American varieties. In addition to the detailed instruction on pruning, fertilizing, wiring, soil, water, etc., there is the necessary information on pest control, proper environment, importing and storage problems, and advanced professional techniques. *Foreword by Kaname Kato, Ministry of Agriculture and Forestry, Japan.* 1964. 234 pp., *illus.* \$7.50

CHINESE JADE Through the Wei Dynasty

**ALFRED SALMONY, Late Professor of Far Eastern Arts,
New York University Institute of Fine Arts**

The only complete survey of the period now available, this unique volume is the fruition of a lifetime of study by a world-renowned authority on Chinese jade. Book discusses the provenance and usage of major pieces from each period and investigates the symbolism employed. Special attention is given to replacing arbitrary or intuitive methods of dating by controllable ones. Superb photographic reproductions bring out the full beauty of texture and carved detail of over 200 individual pieces. 1962. 287 pp., *illus.* \$30.

ENNIN'S TRAVELS in T'ANG CHINA

EDWIN O. REISCHAUER

A fascinating picture of life in T'ang China four centuries before Marco Polo visited the country. Basing his account on the detailed diary kept by the Japanese Buddhist monk, Ennin, the author skillfully interweaves background materials from Chinese dynasty histories and records of the Japanese court. He recreates day-to-day life in ninth century China, describing the hazards of travel, economic conditions, secular and religious festivals, the cults, shrines, and rituals of Buddhism at its apogee, and the great persecution that followed. 1955. 341 pp. *illus.* \$7.50

EDUCATION IN TOKUGAWA JAPAN

R. P. Dore

Drawing on a rich variety of sources, Dr. Dore is first of all concerned with the facts that fill a major gap in our knowledge of Tokugawa society. Secondly, he is concerned with the way schools fitted into the social and political framework of the time. He also has something of significance to say to students of social change. Finally, he discusses the interest that modern Japan has drawn on the educational capital with which she began the process of industrialization.

Chinese Civilization and Bureaucracy

VARIATIONS ON A THEME

by Etienne Balazs; *edited by Arthur F. Wright*

This volume is a sampling of the writing of one of Europe's great scholars of Chinese civilization. Here is a rich feast in essays ranging over two thousand years of China's social, economic, political, and intellectual history. A wealth of data supports the various theories Dr. Balazs develops, in a graceful translation by Hope M. Wright.

Sponsored jointly by the East Asian Research Center at Harvard and the Council on East Asian Studies at Yale, the volume includes a Preface by John K. Fairbank and Arthur F. Wright as well as a long Introduction by Mr. Wright. \$8.50

The Civil Service of Pakistan

BUREAUCRACY IN A NEW NATION

by Henry Frank Goodnow

Following two years of investigation in Pakistan, Mr. Goodnow has written a case study of the higher government bureaucracy, the Civil Service of Pakistan. With the C.S.P. and the military occupying positions of dominant power relative to elected officials in a nation with little experience in representative government, the provocative question is raised whether this or any elite bureaucracy which controls the instruments of force and persuasion will foster a viable democracy among a people unused to civic responsibility. \$6.75
