**"A stunning blow to North American consciousness...
Should be required reading for all U.S. citizens."**

—*Library Journal*

**"A powerful
indictment**

that first surveys the historical accord between the Latin Roman Catholic Church and colonial powers, then assesses the new direction of the Church as reformist and denunciatory of dictatorship, U.S. military aid and corporate investments in the Latin countries.

—*Publishers Weekly*

"With vivid detail

gathered from victims, witnesses, and documents, Penny Lernoux turns stories that have been a few paragraphs in the newspaper into events that sear themselves to memory and gnaw at consciousness

—*Shirley Christian,
Miami Herald*

**"Powerful and
important..."**

Penny Lernoux manages to weave together several apparently disparate but politically significant themes: the suffering one finds everywhere on the Latin American continent; the role of United States policy (national, corporate, banking) in its continued existence; the radicalization of the Church and attempts at its suppression... Lernoux writes about all this with intelligence and passion.

—*Peter Marin, The Nation*

**"Probably the most
comprehensive
account**

of the Catholic Church's revolt against the military regimes which govern the nations where almost 50 percent of the world's Catholics reside."

—*Robert F. Drinan,
Washington Post Book World*

"Broadly ambitious

in scope and finely detailed in research, the book pours out everything Penny Lernoux knows about Latin America — and it is a vast amount... a reliable confirmation of our suspicions about events we have understood only sketchily... Anyone who reads this book can never again pretend not to understand the impulses behind Castro's revolution, the Sandinistas, or the people of El Salvador."

—*A.J. Langguth,
New York Times Book Review*

United States Involvement in the Rise of Fascism, Torture, and Murder
and the Persecution of the Catholic Church in Latin America
