Editorial

Otogenic brain complications, simulation training and low-molecular-weight heparin salvage in pedicled flap head and neck reconstruction: *J Fishman, E Fisher* 827

Main Articles

Otogenic brain complications: a systematic review and meta-analysis: *E Gkrinia, AG Brotis, K Vallianou, AM Ntziovara, J Hajjioannou* 828

An update on simulation training in rhinology: a systematic review of evidence: *LJ Brennan, R Balakumar, S Waite, WO Bennett* 838

UK national survey on surgical gowning for tonsillectomy: *J Thakrar, A Patel, J Joseph* 845

Spontaneous abscess of the nasal septum in children: a 10-year series: *I Drake, S Wilkinson, H Kubba* 849

Low-molecular-weight heparin salvage in pedicled flap reconstruction in head and neck: a prospective cohort study: *S Panda, V Gautam, S Mitra, CA Singh, S Mani, A Palreddy, Y Kabilan, A Konkimalla, D Kondamudi, D Bagchi, S Raveendran, K Sikka, R Kumar, A Singh, A Thakar* 852

Comparison of electrically evoked stapedia reflexes in patients with cochlear implants surgically implanted using Veria and posterior tympanotomy approaches: *A Yathiraj, P Manjula, C Geetha, PJ Antony, Megha* 858

Trainee-perceived benefits of a virtual temporal bone competition: *A Yao, E Richards, CL Dalton* 864

Cochlear measurement in computed tomography and magnetic resonance imaging data sets by the Otoplan measurement tool: a retrospective comparative study: *MS Otte, V Mueller, P Burkhardt, CH-J Endler, JP Klusmann, JC Luers, M Grosheva, R Lang-Roth* 869

Book Reviews 874
