

Allen Yu-Yu Wang,
Avant Member and PhD Student
at the Ear Science Institute Australia

Avant, proudly supporting world-class education and training at the Ear Science Institute Australia

As Australia's leading MDO, established by doctors for doctors over 120 years ago, we truly understand the unique needs of health professionals when it comes to protection, risk education and support. With more members, more expertise and more claims experience. Our Perth team provides the personalised support you need plus, access to the country's largest in-house MDO Medico-Legal team.

As part of our ongoing commitment to future medical practitioners, we also offer a range of scholarships and education opportunities. An example of this is the Avant CENTER, which is part of our five year partnership with the Ear Science Institute Australia in Perth. This state-of-the-art training and skills development facility, provides training to more than 2,000 professionals a year in treating diseases affecting the head and neck.
