THE RESURGENCE OF RIGHT-WING RADICALISM IN GERMANY

New Forms of an Old Phenomenon?

Edited by ULRICH WANK

Translated from German by JAMES KNOWLTON

Rightist assaults on democracy have a long and malignant tradition in Germany. Recently they have again taken on compelling topicality. Today we are faced with the question: Is the new right-wing radicalism the same as the old? This book seeks to examine this question in a series of essays about the history and current status of right-wing radicalism in Germany. The topics include anti-Semitism as a constant of German politics (Julius H. Schoeps), the beginnings of National Socialism (Ernst Reinhard Piper), the demise of the Weimar Republic under assault from the right (Peter Longerich), the first crisis of democracy in the Federal Republic (Otto Schily), the present status of right-wing radicalism (Thomas Schmid), and the question of xenophobia in "Foreigners: Today's Jews?" (Bassam Tibi).
