ERRATUM

Corrigendum: Doppler-shift decoupling of radiation reabsorption in expanding laser-produced plasmas
[Laser Part. Beams (1991) vol. 9, no. 4, pp. 817–828]
W. Brunner and R. W. John
Erratum
[Laser Part. Beams (1992) vol. 10, no. 3, p. 553]

The first sentence of Section 1, Introduction, on p. 817 of the original article, and the corresponding sentence printed in the Erratum, p. 553, should be:

When the generation of XUV- and X-ray lasing action via recombination/cooling of a laser-produced plasma is considered, a major problem is, as a gain restricting phenomenon, the trapping of resonance radiation outgoing from the lower laser level.

Corrigendum: Doppler-shift decoupling of radiation reabsorption in expanding laser-produced plasmas
[Laser Part. Beams (1991) vol. 9, no. 4, pp. 817–828]
W. Brunner and R. W. John

On p. 817, in the last line but one, the name Dershiev should be Derzhiev.

In Eq. (6), in the first and in the second lines, the lower case w should be the capital W.

In Eq. (17) $[\Delta\omega_{12}(\delta)]^2$ should be $[\Delta\omega_{12}(r)]^2$.

In Eq. (19) in the third line the factor ω_{21} of the quotient is to delete and the large closing parenthesis) should be $)^2$.

In Eqs. (34) and (35) the term $[dv/dr(r\cos\varphi' - r')^2 + rv\sin^2\varphi']^2$ should be $[dv/dr(r - r'\cos\varphi')^2 + (v/r)r'^2\sin^2\varphi']^2$.
