## NOTES FOR CONTRIBUTORS

1. Contributions *in duplicate* and books for review should be sent to Mr Peter Byrne at Department of Theology and Religious Studies, King's College London, Strand, London WC2R 2LS.
2. Articles submitted to the journal should in general be between 5,000 and 10,000 words long, though articles outside these limits will be acceptable if there is some good reason for their exceptional length or brevity. Articles in two or more parts may occasionally be accepted provided each part is independently intelligible. They should normally be in English.
3. Each article should be submitted with an abstract of 100 words. Articles will not be published unless an abstract is forthcoming.
4. Submission of an article is taken to imply that it has not previously been published, or is not being considered for publication elsewhere.
5. When an article has been accepted for publication, the author is strongly encouraged to send a copy of the final version on computer disk (Apple Macintosh or IBM compatible PC) in addition to the hard copy typescript, giving details of the wordprocessing software used (Microsoft Word, Word or Word Perfect). However, the publisher reserves the right to typeset material by conventional means if an author's disk proves unsatisfactory. Disks cannot be returned to authors. Contributions should be clearly typed in double spacing, preferably on A4 paper, with a wide left-hand margin. The typescript should be prepared to accord as closely as possible with the typographical conventions of the journal.
6. Footnotes should be used sparingly: in general, to give sources of direct quotations, references to main authorities on disputable questions, and evidence relied on for a new or unusual conclusion. They should be numbered in one sequence throughout the article, and should preferably be typed in double spacing at the end of the article.
7. Contributors should keep one copy of the typescript for correcting proofs.
8. First proofs may be read and corrected by contributors provided that they can give the Editor an address through which they can be reached without delay and can guarantee to return the corrected proofs to the Editor, by airmail where necessary, within ten days of receiving them.
9. Correction should be kept to an absolute minimum. It should be confined to errors of the typist or printer unless the Editor authorises otherwise.
10. All contributors of articles receive 50 free offprints. Reviewers will receive five or more offprints of their reviews.
11. If rejected manuscripts are to be returned, stamps or international coupons should be sent to cover postage, but it would normally be simpler just to retain a copy.
12. Contributors of accepted articles will be asked to assign their copyrights, on certain conditions, to Cambridge University Press, to help protect their material, particularly in the USA.
