

ANIMAL PRODUCTION

JOURNAL OF THE BRITISH SOCIETY OF ANIMAL PRODUCTION

FEBRUARY 1968

VOL. 10 PART 1

OLIVER & BOYD LTD
EDINBURGH AND LONDON

INFORMATION FOR CONTRIBUTORS TO *ANIMAL PRODUCTION*

Animal Production publishes papers on original research provided that they have not been and, with the exception of authors' summaries, will not be published elsewhere without the Editors' written permission. Authors' summaries can be reproduced if full acknowledgement of the source is made.

Contributions may be in the field of animal production, or in any related scientific field. Reports on techniques will be published only as appendices to scientific papers. Results of research which do not warrant a comprehensive presentation may be submitted for consideration as *Notes*. Notes are not intended for the publication of interim results. They should not exceed 2000 words or the equivalent inclusive of tables and illustrations.

Manuscripts should be typewritten in double spacing with wide margins. Each page and the lines on each page should be numbered. *Two* copies of the typescript (one of illustrations) should be sent to

Dr. Gerald Wiener,
Animal Production,
A.R.C. Animal Breeding Research Organisation,
West Mains Road, Edinburgh 9.

Manuscripts are not returned with proofs; authors should therefore retain copies.

For guidance to the general style which should be adopted in the writing and presentation of papers authors are referred to *General Notes on the Presentation of Scientific Papers* (2nd revised ed., 1965) published by the Royal Society, London (price 5s.). Points of detail applying particularly to *Animal Production* are given below.

Illustrations. The same material should not normally be presented in tables and figures. Legends should be typed on a separate sheet.

- (a) Diagrams should be drawn in Indian ink, about twice the size of the finished block, on Bristol board or stout tracing paper. Photographed diagrams are also accepted. Lettering inside the framework of the diagram should be inserted in Indian ink. Marginal lettering may, if preferred, be inserted lightly in pencil.
- (b) Photographs intended for half-tone reproduction should be on glossy paper. They will be accepted only if found necessary by the Editors.
- (c) Colour plates are unlikely to be accepted unless authors bear the cost.

[Continued on inside back cover

Single number, 25s. or \$4.00 net.

Annual subscription, 90s. or \$14.00

Front cover centrepiece : Minoan bull-leaping sport shown in mural paintings in the palace of Knossos, Crete (after Evans). The plebeial coat is thought (Zeuner, 1963) to indicate domestication of the breed.

The British Veterinary Journal

A monthly review of veterinary science

Editor: J. A. Laing

The January issue includes:

Allan Bane: Control and Prevention of Inherited Disorders Causing Infertility.

Olaf Swarbrick: Ectopic Splenic Nodules in the Pancreas of the Sow.

J. F. Michel: A Technique for the Collection of Bronchial Mucus from Lambs.

P. S. Blackburn and M. E. Castle: Cow's Milk of Abnormally Low Consumption.

D. A. McMartin: Preliminary Investigation of Methods for Evaluating Inactivated Vaccines for Infectious Bronchitis Virus.

These are duplicates of bibliographies prepared on request at the Commonwealth Bureau of Animal Breeding and Genetics, Edinburgh. In addition to the full title reference, the abstract published in *Animal Breeding Abstracts* is reproduced. They can be obtained on application to the Director of the Bureau, The King's Buildings, West Mains Road, Edinburgh, 9. The prices quoted include postage by ordinary mail, and the remittance should be sent with the order *unless you want it posted by air mail*. If the material is to be sent by air mail, do not send money with your request. You will receive an invoice which includes air mail postage.

EXPERIMENTAL AGRICULTURE

EXPERIMENTAL AGRICULTURE is concerned with the application of experimental work to the whole range of agricultural problems in tropical countries.

COMMONWEALTH BUREAU OF ANIMAL NUTRITION

The chief task of the Bureau is the production of *Nutrition Abstracts and Reviews*. In this quarterly journal, which covers the fields of human and animal nutrition, are published about 10,000 bibliographical references a year, over half of them accompanied by informative abstracts. The information contained in the volumes of *Nutrition Abstracts and Reviews* published since 1951, amounting at present to about 100,000 references, is now coded on punched cards for mechanical retrieval. The Bureau is prepared to answer enquiries and provide bibliographies on specific nutritional topics. In addition, sets of cards to be used in conjunction with the abstracts in the journal may be ordered.

Further information may be obtained from

**The Director,
Commonwealth Bureau of Animal Nutrition,
Bucksburn, Aberdeen, AB2 9SB, Scotland**

ANIMAL BEHAVIOUR

Volume 15 Part 4

Editors: P. P. G. Bateson and L. R. Aronson

this issue includes:

Saccharin Reverses the Effect of Food Deprivation upon Fluid Intake in Mice.

Leaping and Other Movements in some Cardiid Bivalves.

Coastal Distribution, Display and Sound Production by Florida Fiddler Crabs.

Oestrogen Stimulation of Nest Material Preparation in the Peach-face Lovebird.

Communication among Honey Bees with Field Experience.

An Assessment of the Reversal Index.

The Formation of Attachments by Domestic Chicks to Two Textures.

Coital behaviour in dogs. I. Preferential mating in the bitch.

Relationship between Sensory Stimulation and Gross Motor Behaviour During the Postnatal Development in the Rat.

Changes in the Behaviour of *Lebistes reticulatus* upon a Repeated Shadow Stimulus.

Animal Behaviour is published three times yearly:

Annual Subscription 100s: U.S.A. and Canada \$17:50

Bailliere, Tindall & Cassell

7 & 8 Henrietta Street London WC2

Index Veterinarius

A COMPLETE BIBLIOGRAPHY
OF VETERINARY LITERATURE

This subject and author index of current literature on veterinary and related sciences is produced by the Commonwealth Bureau of Animal Health and was first published in 1933. It is issued quarterly and each year about 15,000 references are listed.

For compilation of the *Index* 700 periodicals in 22 languages are searched and coverage embraces the whole world.

Annual subscription is 300s. (\$39) (reduced rate to residents in British Commonwealth or Republic of Ireland—140s.). Orders may be sent to the Central Sales Branch, Commonwealth Agricultural Bureaux, Farnham Royal, Slough, Bucks.
