	PAGE
The diets of young children. By E. R. BRANSBY and J. E. FOTHERGILL	195
Determination of essential amino-acids in some Ceylon vegetables. By N. G. BAPTIST	205
Essential amino-acids of some common tropical legumes and cereals. By N. G. BAPTIST	218
A qualitative study on family meals in Western Samoa with special reference to child nutrition. By SUSAN HOLMES	223
The action of the digestive enzymes of the carp. By A. BONDI and A. SPANDORF	240
Effect of feeding aureomycin to calves upon the establishment of their normal rumen microflora and microfauna. By S. O. MANN, FRANCES M. MASSON and A. E. OXFORD	246
The concentration of haemoglobin in the blood of young adult men and women: the effect of administering small doses of iron for prolonged periods. By R. C. GARRY, A. W. SLOAN, J. B. DE V. WEIR and MARY WISHART	253
Changes in the liver fat of the pregnant sheep at different levels of nutrition and during starvation. By N. L. FERGUSON	269
The role of fat in the diet of rats. 1. Influence of lard, hydrogenated peanut oil and absence of dietary fat on growth, food and fluid consumption and urine production. By E. AAES-JØRGENSEN and H. DAM	281
The role of fat in the diet of rats. 2. Influence of dietary fats on growth. By E. AAES-JØRGENSEN and H. DAM	285
The role of fat in the diet of rats. 3. Influence of kind and quantity of fat on food and fluid consumption and urine production. By E. AAES-JØRGENSEN and H. DAM	290
The role of fat in the diet of rats. 4. Influence of supplementation with raw skim milk, linoleic acid or both on growth. By E. AAES-JØRGENSEN and H. DAM	296
The role of fat in the diet of rats. 5. Influence of supplementation with raw skim milk, linoleic acid or both on food and fluid consumption and urine production. By E. AAES-JØRGENSEN and H. DAM	302
Xerophthalmia in the presence of kwashiorkor. By H. A. P. C. OOMEN	307

INDEX OF AUTHORS

Aaes-Jørgensen, E.	281, 285, 290, 296, 302	Holmes, S.	223
Baptist, N. G.	205, 218	Mann, S. O.	246
Bondi, A.	240	Masson, F. M.	246
Bransby, E. R.	195	Oomen, H. A. P. C.	307
Dam, H.	281, 285, 290, 296, 302	Oxford, A. E.	246
Ferguson, N. L.	269	Sloan, A. W.	253
Fothergill, J. E.	195	Spandorf, A.	240
Garry, R. C.	253	Weir, J. B. de V.	253
		Wishart, M.	253
