Theories with equational forking, by MARKUS JUNKER and INGO KRAUS 326
Open questions in the theory of spaces of orderings, by MURRAY A. MARSHALL 341
A classification of intersection type systems, by M. W. BUNDER 353
On essentially low, canonically well-generated Boolean algebras, by ROBERT BONNET and MATATYAHU RUBIN 369
Complexity of interpolation and related problems in positive calculi, by LARISA MAKSIMOVA 397
Maximal contiguous degrees, by PETER CHOLAK, ROD DOWNEY, and STEPHEN WALK 409
Pfaffian differential equations over exponential o-minimal structures, by CHRIS MILLER and PATRICK SPEISSEGGER 438
Forcing and stable ordered–union ultrafilters, by TODD EISWORTH 449
How to extend the semantic tableaux and cut-free versions of the second incompleteness theorem almost to Robinson's arithmetic Q, by DAN E. WILLARD 465

The BULLETIN and the JOURNAL are the official organs of the Association for Symbolic Logic, an international organization for furthering research in symbolic logic and the exchange of ideas among mathematicians, philosophers, computer scientists, linguists, and others interested in this field.

The JOURNAL invites submission of (1) original technical papers in the field of symbolic logic, (2) expository papers in this field, (3) papers whose main point is philosophical and which either bear upon logic or make use of its methods, and (4) studies in the history of logic in which modern technical developments are taken into account.

Articles being submitted for publication in the JOURNAL should be sent to one (and only one) of the following editors: ***Françoise Delon, UFR de Math., Univ. Paris VII, 2 pl. Jussieu, case 7012, F-75251 Paris cédex 05, France*** (`delon@logique.jussieu.fr`); or ***Rod Downey, Department of Mathematics, Victoria University of Wellington, Box 600, Wellington, New Zealand*** (`rod.downey@vuw.ac.nz`); or ***John Etchemendy, Department of Philosophy, Stanford University, Stanford, CA 94305, USA*** (`jetch@csli.stanford.edu`); or ***Robert Goldblatt, Department of Mathematics, Victoria University, Box 600, Wellington, New Zealand*** (`rob.goldblatt@vuw.ac.nz`); or ***Martin Grohe, Laboratory for the Foundations of Computer Science, Division of Informatics, University of Edinburgh, Edinburgh EH9 3JZ, Scotland, U.K.*** (`grohe@dcs.ed.ac.uk`); or ***Greg Hjorth, Department of Mathematics, University of California, Los Angeles, CA 90095-1555, USA*** (`greg@math.ucla.edu`); or ***Michael Rathjen, School of Mathematics, University of Leeds, Leeds LS2 9JT, England*** (`rathjen@amsta.leeds.ac.uk`); or ***Simon Thomas, Department of Mathematics, Rutgers University, New Brunswick, NJ 08903, USA*** (`sthomas@math.rutgers.edu`).

Submitted manuscripts should be typewritten with wide margins and with double spacing between the lines, or prepared with a word processor, such as LaTeX or Microsoft Word. Two copies of the manuscript should be sent to the editor, and the author should also keep a complete copy and the electronic file from which the submitted copy was prepared, if a word processor was used. After the paper is accepted in its final form, an electronic copy will be appreciated and will advance the final publication date of the paper, especially if it is in LaTeX or $\mathcal{A}\mathcal{M}\mathcal{S}$-LaTeX. The JOURNAL and the BULLETIN OF SYMBOLIC LOGIC are typeset in a version of $\mathcal{A}\mathcal{M}\mathcal{S}$-LaTeX, using a stylefile which is posted on the ASL Website, `http://www.aslonline.org`, along with instructions for its use. Fifty offprints of each article are supplied at no charge, and additional offprints may be purchased if desired.

Volumes 1 through 61 of the JOURNAL are available online in the JSTOR database.

Reviews of articles and books in logic which in the past were published in the JOURNAL have been moved to the BULLETIN OF SYMBOLIC LOGIC, beginning with the March 2000 issues.

Individual membership in the Association is open to anyone interested in its work. Annual dues for members are $60 ($30 for students). Dues include subscriptions to the current volumes of the JOURNAL and the BULLETIN. Institutional membership in the Association is available to any academic institution or department. Annual institutional dues are $550 for 2002. Membership privileges include choices of current subscriptions, back volumes, and student memberships. A detailed description of institutional and corporate memberships is available from the Secretary-Treasurer.

Requests for information, applications for membership, orders for back volumes, business correspondence, and notices and announcements for publication in the BULLETIN should be sent to the Secretary-Treasurer of the Association, ***Charles Steinhorn, ASL, Box 742, Vassar College, 124 Raymond Avenue, Poughkeepsie, NY 12604 USA***. The electronic mail address of the Association's business office is `asl@vassar.edu`. The ASL Website is located at `http://www.aslonline.org`. Links from that site provide further information on the JOURNAL and on submitting papers for publication.
