

# MRS BULLETIN

March 1996

A Publication of the Materials Research Society

Volume 21, Number 3 ISSN: 0883-7694 CODEN: MRSBEA

## MATERIALS FOR FLAT-PANEL DISPLAYS

- 27 Materials for Flat-Panel Displays**  
J.S. Im and A. Chiang,  
Guest Editors
- 31 Glass Substrates for Flat Panel Displays**  
D.M. Moffatt
- 35 Materials in Active-Matrix Liquid-Crystal Displays**  
J. Hanna and I. Shimizu
- 39 Crystalline Si Films for Integrated Active-Matrix Liquid-Crystal Displays**  
J.S. Im and R.S. Sposili
- 49 Materials Used in Electroluminescent Displays**  
P.D. Rack, A. Naman,  
P.H. Holloway, S-S. Sun,  
and R.T. Tuenge
- 59 Diamond-Based Field-Emission Displays**  
J.E. Jaskie
- 65 Materials and Manufacturing Issues for Color Plasma Displays**  
L.F. Weber and J.D. Birk

## IUMRS

- 69 IV-ICAM'95 Weaves México's Interests with Advances in Materials Research**

## MRS NEWS

- 72 1995 MRS Fall Meeting Assembles in Boston**
- 87 Bill R. Appleton Receives 1995 Woody Award**
- 91 Darrel R. Tenney from NASA to Deliver Plenary Talk at the 1996 MRS Spring Meeting**
- 92 Mikos to Receive Outstanding Young Investigator Award for Innovative Biomaterials**
- 93 MRS Invites Nominations for the Von Hippel Award, MRS Medal, and Turnbull Lectureship**

## JMR ABSTRACTS

- 97 Abstracts for May 1996 *Journal of Materials Research***

## DEPARTMENTS

- 5 Material Matters**
- 11 Research/Researchers**
- 18 Washington News**
- 21 Resources**
- 22 Advertisers in This Issue**
- 95 University Chapter News**
- 104 Calendar**
- 109 Classified**
- 112 Postterminaries**

**ON THE COVER:** The Xerox 7 Million Pixel Monochrome Display is an amorphous-silicon-based, active-matrix, monochrome display that delivers a resolution of 3,072 x 2,240 pixels. Developed and fabricated at the Xerox Palo Alto Research Center, this display is ideal for viewing applications that require a high degree of image detail and clarity. For more information on materials for flat-panel displays, see the section that begins on page 27. Photograph courtesy of Xerox Corporation—Brian Tramontana, photographer.

## About the Materials Research Society

The Materials Research Society (MRS), a non-profit scientific association founded in 1973, promotes interdisciplinary goal-oriented basic research on materials of technological importance. Membership in the Society includes over 12,000 scientists, engineers, and research managers from industrial, government, and university research laboratories in the United States and nearly 50 countries.

The Society's interdisciplinary approach differs from that of single-discipline professional societies because it promotes information exchange across the many technical fields touching materials development. MRS sponsors two major international annual meetings encompassing approximately 60 topical symposia, and also sponsors numerous single-topic scientific meetings. The Society recognizes professional and technical excellence and fosters technical interaction in local geographic regions through Sections and University Chapters.

MRS participates in the international arena of materials research through the International Union of Materials Research Societies (IUMRS). MRS is a member of the Federation of Materials Societies and is an affiliate of the American Institute of Physics.

MRS publishes symposium proceedings, *MRS Bulletin*, *Journal of Materials Research*, and other publications related to current research activities.

*MRS Bulletin* (ISSN: 0883-7694) is published 12 times a year by the Materials Research Society, 9800 McKnight Road, Pittsburgh, PA 15237. Application to mail at second class rates has been approved at Pittsburgh, PA and at additional mailing offices. POSTMASTER: Send address changes to *MRS Bulletin* in care of the Materials Research Society, at the address listed; phone (412) 367-3003; fax (412) 367-4373. Printed in the U.S.A.

Additional copies of articles in *MRS Bulletin* may be made at \$2.50 per article. This fee can be paid to the Materials Research Society through the Copyright Clearance Center, Inc., 27 Congress Street, Salem, MA 01970.

Membership in MRS is \$75 annually for regular members, \$25 for students. Dues include an allocation of \$29 (\$17 for students) to a subscription to *MRS Bulletin*. Individual member subscriptions are for personal use only. Non-member subscription rates are \$135 for one calendar year (12 issues) within the U.S.A. and \$185 elsewhere. Single copies may be purchased for \$16 each. Send subscription orders to Subscription Department, Materials Research Society, 9800 McKnight Road, Pittsburgh, PA 15237.

*MRS Bulletin* is included in *Current Contents/Engineering, Computing, and Technology*; *Current Contents/Physical, Chemical, and Earth Sciences*, the *SciSearch* online database, *Research Alert*, *Science Citation Index*, and the *Materials Science Citation Index*. Back volumes of *MRS Bulletin* are available in 16mm microfilm, 35mm microfilm, or 105mm microfiche through University Microfilms Inc., 300 North Zeeb Road, Ann Arbor, Michigan 48106.
