

## INDEX OF AUTHORS

- ALLEN, L. A. and EDEN, G. E. Effect of continuous aeration on bacterial oxidation of organic matter, 508
- ALLISON, V. D., *see* GELL, P. G. H.
- BAKER, A. H., *see* TWORT, C. C.
- BARR, MOLLIE and GLENNY, A. T. Some practical applications of immunological principles, 135
- BASU, P. N. and ROY, R. N. The incidence of natural diphtheria antitoxin in horses: its influence on the results of antigenic stimulus, 348
- BERGER, F. M. A new non-mannite-fermenting dysentery organism of the Flexner group, 116
- BHATNAGAR, S. S. and SHRIVASTAVA, D. L. An experimental study on cellular immunity in *Pasteurella pestis* infection, 307
- BRIDGES, R. F. and TAYLOR, JOAN. A critical examination of the organism described as *Bacillus wakefield*, 346
- BRIEGER, E. M. and FELL, HONOR B. Warm-stage observations on the initial development of the avian tubercle bacillus cultivated on embryo extract, 158
- BRIEGER, E. M. and FELL, HONOR B. Warm-stage observations on the development of pseudo-mycelia in cultures of avian tubercle bacilli grown in dilute embryo extract, 256
- BRUCE, H. M. and PARKES, A. S. Feeding and breeding of laboratory animals. II. Growth and maintenance of rabbits without fresh green food, 501
- CARNE, J. B. The natural ventilation of unheated 'closed' rooms, 314
- COLLIN-RUSS, A. On a new form of reagent against perspiration effects on shoe materials, 53
- COMPTON, ARTHUR and YOUSSEF, GEORGE. A routine method of bacteriological analysis and grading of ice-creams: with records of eleven years' application, 289
- COUTINHO, HERCULANO, *see* MONTEIRO, A. MOURA
- CRAUFURD-BENSON, H. J. and MACLEOD, J. A.L. 63, the original British army louse-powder, 294
- CROSSERY, G. N. Enteric fevers in Egypt, 284
- CROWE, M. A. Localized outbreak of *Salmonella* food poisoning apparently transmitted by a hen's egg, 342
- DAY, H. B. Studies in immunization by a species antigen. III. The presence of an anti-immunity factor in *Pneumococcus*, 143
- DE LOUREIRO, J. A., *see* MONTEIRO, A. MOURA
- DE LOUREIRO, J. A. and LITO, EUGENIO. Quantitative study of the sterilization of bacteria by mercuric compounds, 463
- DICK, J. C. Laboratory findings in enteric group fevers in the Middle East forces, 430
- DUGUID, J. P. The size and duration of air-carriage of respiratory droplets and droplet-nuclei, 471
- EDEN, G. E., *see* ALLEN, L. A.
- EDWARDS, S. J., *see* HUGHES, D. L.
- ELFORD, WILLIAM J. and VAN DEN ENDE, JOAN. Studies on the disinfecting action of hypochlorous acid gas and sprayed solution of hypochlorite against bacterial aerosols, 1
- FELL, HONOR B., *see* BRIEGER, E. M.
- GELL, P. G. H., HOBBS, BETTY C. and ALLISON, V. D. An outbreak of water-borne typhoid investigated by bacteriophage typing and 'selective' sewage examination, 120
- GLENNY, A. T., *see* BARR, MOLLIE
- GOODMAN, NANCY, *see* IRWIN, J. O.
- GORDON, R. F. and BUXTON, A. The isolation of *Salmonella thompson* from outbreaks of disease in chicks, 179
- GUGGENHEIM, K., *see* KLIGLER, I. J.
- GUGGENHEIM, K., *see* KLIGLER, I. J. and HENIG, E.
- HEIBERG, POVL and PETERSEN, HELGE. The epidemic curve for mumps, 350
- HOBBS, BETTY C., *see* GELL, P. G. H.
- HOPKINS, FREDERICK GOWLAND and LEADER, VIOLET RUBY. On refectation in rats and on the nature of the growth promoted by the addition of small quantities of milk to vitamin-free diets, 149
- HOYLE, L. An analysis of the complement-fixation reaction in influenza, 170
- HUGHES, D. L. and EDWARDS, S. J. The *in vitro* action of disinfectants and the application of CTAB in the control of *Str. agalactiae* mastitis, 442
- HUNTER, G. J. E. The differentiation of *Streptococcus cremoris* and *Streptococcus lactis* by means of bacteriophage action, 264
- IRWIN, J. O. and GOODMAN, NANCY. The statistical treatment of measurements of the carcinogenic properties of tars (Part I) and mineral oils (Part II), 362
- JACOBS, S. E., *see* JORDAN, R. C.
- JANZ, G. J., *see* MONTEIRO, A. MOURA
- JORDAN, R. C. and JACOBS, S. E. Studies in the dynamics of disinfection. III. The reaction between phenol and *Bact. coli*: the effect of temperature and concentration: with a detailed analysis of the reaction velocity, 210
- JORDAN, R. C. and JACOBS, S. E. Studies in the dynamics of disinfection. V. The temperature coefficient of the reaction between phenol and *Bact. coli*, derived from data obtained by an improved technique, 243
- JORDAN, R. C. and JACOBS, S. E. Studies in the dynamics of disinfection. VI. Calculations of a new and constant temperature coefficient for the reaction between phenol and *Bact. coli*, 249

- JORDAN, R. C. and JACOBS, S. E. Studies in the dynamics of disinfection. VII. The reaction between phenol and *Bact. coli*: the effect of temperature on the usually accepted concentration exponent and the calculation of a more satisfactory exponent based on theoretical considerations, 421
- KERLY, MARGARET, MORKAM, FLORENCE and MAGILL, KATHLEEN. Analysis of meals served in Surrey school canteens, 352
- KLEINEBERGER-NOBEL, EMMY. Changes in the nuclear structure of bacteria, particularly during spore formation, 99
- KLIGLER, I. J. and GUGGENHEIM, K. The influence of *Salmonella typhi-murium* infection in rats on vitamin A metabolism, 56
- KLIGLER, I. J., GUGGENHEIM, K. and HENIG, E. Susceptibility of vitamin A-deficient and starved rats and mice to a peroral infection with *Salmonella typhi-murium*, 61
- KOCH, P. K., *see* OLITZKI, L.
- KRYVI, B. O., *see* VOGELSANG, TH. M.
- LEADER, VIOLET RUBY, *see* HOPKINS, FREDERICK GOWLAND
- LEETE, H. MASON. Diphtheria in Hull. A review of six years bacteriological typing, 184
- LIDWELL, O. M. Bactericidal effects of the partial irradiation of a room with ultra-violet light, 333
- LIDWELL, O. M. and LOVELOCK, J. E. Some methods of measuring ventilation, 326
- LITO, EUGENIO, *see* DE LOUREIRO, J. A.
- LOVELOCK, J. E., *see* LIDWELL, O. M.
- MACKENZIE, E. F. W. and TAYLOR, E. WINDLE. A study of the Vi agglutination test for the detection of typhoid carriers, 31
- MACLEOD, J., *see* CRAUFURD-BENSON, H. J.
- MAGILL, KATHLEEN, *see* KERLY, MARGARET
- MONTEIRO, A. MOURA, COUTINHO, HERCULANO, JANZ, G. J. and DE LOUREIRO, J. A. Epidemic pellagra in northern Portugal, 518
- MORKAM, FLORENCE, *see* KERLY, MARGARET
- OLITZKI, L., SHELUBSKY, M. and KOCH, P. K. A thermolabile substance of *Shigella dysenteriae* Shiga, 271
- PARKES, A. S. Feeding and breeding of laboratory animals. I. Rat and mouse cubes and cube containers, 491
- PARKES, A. S., *see* BRUCE, H. M.
- PETERSEN, HELGE, *see* HEIBERG, POVL.
- RAYMOND, W. F. Iodine as an aerial disinfectant, 359
- ROY, R. N., *see* BASU, P. N.
- SEVITT, SIMON. Bacteriological investigation into the causation of diarrhoea and enteritis in Dublin in 1942-3, 37
- SHELUBSKY, M., *see* OLITZKI, L.
- SHEWAN, J. M. The bacteriology of dehydrated fish. I. Qualitative and quantitative studies of the drying process, 193
- SHRIVASTAVA, D. L., *see* BHATNAGAR, S. S.
- SPIRO, LEO. Fluorine alopecia, 276
- TAYLOR, C. B. The effect of temperature of incubation on the results of tests for differentiating species of coliform bacteria, 109
- TAYLOR, E. WINDLE., *see* MACKENZIE, E. F. W.
- TAYLOR, JOAN, *see* BRIDGES, R. F.
- TEORELL, TORSTEN. Quantitative aspects of antigen-antibody reactions. I. A theory and its corollaries, 227
- TEORELL, TORSTEN. Quantitative aspects of antigen-antibody reactions. II. Some comparisons between the theory and the experimental results, 237
- TWORT, C. C., WHITE, L. J. and BAKER, A. H. The significance of volatility and water solubility in disinfection process, 451
- VAN DEN ENDE, JOAN, *see* ELFORD, WILLIAM J.
- VOGELSANG, TH. M. and KRYVI, B. O. Schick reactions in recently confined women and their new-born infants, 437
- WATERHOUSE, JOHN, *see* WOOLF, BARNET
- WHITE, L. J., *see* TWORT, C. C.
- WILSON, DAGMAR C. Note on the war-time health of women in industry and at home, 221
- WILSON, J. F. Agglutination tests in the diagnosis of enteric fever in the inoculated, 129
- WOOLF, BARNET and WATERHOUSE, JOHN. Studies on infant mortality. Part I. Influence of social conditions in county boroughs in England and Wales, 67
- WRIGHT, G. PAYLING and WRIGHT, HELEN PAYLING. Etiological factors in broncho-pneumonia amongst infants in London, 15
- WRIGHT, G. PAYLING and WRIGHT, HELEN PAYLING. Diarrhoea and enteritis amongst infants in the London area 1930-8, 480
- WRIGHT, HELEN PAYLING, *see* WRIGHT, G. PAYLING
- YOUSSEF, GEORGE, *see* COMPTON, ARTHUR
