## **The NAEP needs “*You*” to serve as an elected at-large Board Member**

NAEP is a voluntary association headed by a Board of Directors. The Board is composed of 12 at-large elected members from the environmental field, four ex-officio members, and one chapter representative for each 150 NAEP members in the Chapter. All serve without compensation. Each year prior to the annual conference, 4 at-large Board Members are elected to serve a three-year term of office. At-large Board Members are expected to attend all of the quarterly board meetings and the annual conference.

The Board establishes policy for the NAEP and the Managing Director assists the Board in implementing all of the programs and practices of the Association. The Managing Director, as well as the Conference Coordinator, Membership Coordinator, and the Editorial Staff and Publishers of *Environmental Practice* are responsible to the Board.

The NAEP Board of Directors meets four times each year at various locations around the country. At-large Board Members are expected to attend all of the quarterly board meetings and the annual meeting.

Each Board meets for the first time at the end of the annual conference immediately after the installation of officers. The Board meets again at various locations around the country approximately 3, 6, and 9 months after the annual conference. As a voluntary association, there is no reimbursement for travel expenses or the other costs associated with being on the Board of Directors.

Between Board meetings, the Board of Directors is represented by a five-member Executive Committee. The Executive Committee meets at the discretion of the NAEP president, normally twice-monthly by conference calls.

If you would like to become an at-large member of the Board (or retain your current position on the Board) you are required to complete this Self Nomination Form. To be considered, your Self Nomination Form must be completed by 6:00 PM on November 18, 2011. Forms completed after that date and time may be considered, at the discretion of the Elections Committee.

***Transnational Environmental Law*** is a peer-reviewed journal that will be launched by Cambridge University Press in 2012.

***Transnational Environmental Law (TEL)*** is dedicated to the study of environmental law and governance beyond the state. It approaches legal and regulatory developments with an interest in the contribution of non-state actors and an awareness of the multi-level governance context in which contemporary environmental law unfolds.

***TEL*** offers a forum for rigorous analysis and discussion of the impacts of globalization on complex environmental risks and norms. It welcomes scholarship that enriches our understanding of contemporary environmental law through comparative and cutting-edge interdisciplinary analysis.

***TEL***'s scope is broadly conceived in terms of disciplinary focus: scholarly contributions can cover a wide range of environmental issues, including: *climate change* • *biodiversity* • *emerging technologies* • *industrial pollution* • *waste management*.

***TEL*** promotes the exploration of the evolving dynamics between environmental law and other legal disciplines

(including but not limited to *trade and competition law, financial law, and human rights*).

***TEL*** is committed to supporting environmental legal scholarship across geographical boundaries and generations; it warmly encourages participation by young and emerging talents from across the globe.

***TEL*** seeks to foster innovative synergies between different scholarly styles and traditions, and strives for the development of a new generation of environmental scholarship that will bridge existing divides, including notably the divide between North American and European approaches to environmental law scholarship. In the same spirit, ***TEL*** encourages the integration of theoretical and practical legal perspectives on current environmental issues, and aims to deliver scholarship of high salience to academics and practitioners alike.
