The essays in this collection voice the contemporary concerns of those who respect the perennial philosophy of St. Thomas Aquinas. As with the admirers of St. Thomas through the centuries since his death, the contributors exhibit varied and even opposing interpretations of his philosophical thought.

The discussions range from various considerations of Thomism in regard to philosophical realism, as well as aspects of Thomistic metaphysics and ethics, to an exploration of what the

future may hold for the philosophy designated as Thomism.

All contributors agree that the philosophy of St. Thomas offers the basis for a unique philosophical outlook that is a needed influence on the turmoil of modern and postmodern philosophical thinking.

NATIONAL ENDOWMENT FOR THE HUMANITIES

American Constitutionalism in Comparative Perspective

1993
Summer
Seminars
for
College
Teachers

This seminar examines several substantive areas of American constitutional law (e.g., privacy, free speech, church-state relations, equal protection, and economic rights) in the light of the constitutional case law of Canada, Germany, and the European Court of Human Rights. The seven-week seminar runs from June 14 through July 30.

Each participant will receive a stipend of \$3600, out of which travel expenses, living costs, and research-associated expenses are to be paid by each individual. Teachers of constitutional law, philosophy, literature, history, and theology—or any other field involving skills of reading and interpretation—are encouraged to apply.

For further information, please write Prof. Donald P. Kommers, Robbie Professor of Government and International Studies, Notre Dame Law School, Notre Dame, IN 46556.
