## NOTICE CONCERNING INTERNATIONAL BIBLIOGRAPHY OF PHILOSOPHY

THE attention of readers of *PHILOSOPHY* is called to the bibliography issued twice a year by the Institut International de Philosophie and published by J. Vrin, Paris. Each number of the bibliography contains the most complete list it is possible to make of books published in all countries on any subjects falling under the heading of philosophy during the period of six months to which it relates. It might therefore be of great use in enabling any philosopher who wishes to research in a particular field to find out what other work has been recently done in that field. This valuable international venture cannot be continued without a large increase in the number of subscribers. Those who wish to subscribe should apply for particulars to M. Prof. Bayer, Institut International de Philosophie, 17 Rue de la Sorbonne, Paris V<sup>e</sup>.
