CLIO MEDICA

Acta Academiae Internationalis Historiae Medicinae

Editor: Professor Marcel Florkin, President of the Academy, Institut Léon Fredericq, Liège, Belgium.

Assistant Editor: Professor Erna Lesky, Institut für Geschichte der Medizin der Universität Wien, Austria.

This outstanding journal, devoted to the history of medicine and biology, is published under the auspices of the International Academy of the History of Medicine. Its primary object, is to give members of the Academy a medium for the publication of papers of a scholarly character which may be too long or too specialised for acceptance by ordinary historical or scientific journals. Contributions are also accepted from non-members. The high quality articles will help to establish CLIO MEDICA as one of the leading periodicals for modern studies in the history of medicine.
