Bulk and Custom Chemical Manufacturing...

At Electron Microscopy Sciences, we are ready to customize your product and create the solution that is right for you. From formaldehyde to research reagents, we can customize any chemical to meet your specifications. We have the capacity to supply runs as small as 2500 units or as large as 1 million units, from 1 gram to 55 gallon drums.

Chemical Customization...

Electron Microscopy Sciences will customize chemicals to best fit your lab's unique protocols and recipes. Our lab can follow your specific formulas, or generate one to meet your needs. We manufacture chemicals right in our facility in Hatfield, PA.

Contract Services...

Formulating — From concept to product distribution, EMS can make it. We have the capabilities and expertise in the manufacturing of not only research chemicals, but dermatological and pharmaceutical products.

Manufacturing — EMS manufactures your product in our 30,000 square foot facility equipped to take on even the most demanding production schedules. Our equipment can manufacture liquids, creams, pastes, gels, sticks, solutions, and lotions in any batch size imaginable.

Quality Assurance and Quality Control — We are fully certified and FDA registered and strictly adhere to GMP guidelines.

Warehousing — Our warehouse is ready to package, store, and ship your products. We provide a quick turnaround so you can get your products as quickly as possible.

Everything a lab could need...

Electron Microscopy Sciences also offers a comprehensive range of lab supplies and equipment for all fields of microscopy, histology and general laboratory research.
