Stability !

Amidst the sea of rising costs consider **GURR'S** record in **MICROSCOPICAL STAIN** prices.

	1919 list	Current list
Fuchsin basic 25 g.	6/9	5/-
Hæmatoxylin 25 g.	17/-	13/6

Two examples from many—

Growing demand has enabled us generally to whittle prices—and you have shared the benefit for nearly 40 years. Please forgive us this dissertation on our own efficiency—Your confidence and support have been vital, have always been appreciated, and will enable us to continue to bring you the best. Our slogan in 1919—“**STIPULATE GURR'S**” is still the best advice.
