# CONTENTS.

## No. 1 (January).

	PAGE
MUIR, R. and BROWNING, C. H. On the Properties of Anti-immune-bodies and Complementoids . . . . .	1
MUIR, R. and BROWNING, C. H. On the Action of Complement as Agglutinin . . . . .	20
MACCONKEY, A. On the Liquefaction of Gelatin by the <i>Bacillus cloacae</i> . . . . .	23
BOYCOTT, A. E. Observations on the Bacteriology of Paratyphoid Fever and on the Reactions of Typhoid and Paratyphoid Sera . . . . .	33
HALDANE, J. S. A Convenient Form of Gas Analysis Apparatus. (Plate I.) . . . . .	74
SANDILANDS, J. E. Epidemic Diarrhoea and the Bacterial Content of Food . . . . .	77
WRIGHT, H. The Successful Application of Preventive Measures against Beri-beri. A Reply to the Criticisms of Dr G. A. O. Travers . . . . .	93
ROSS, R. Note on a Flagellate Parasite found in <i>Culex fatigans</i> . . . . .	96
PUBLICATIONS RECEIVED . . . . .	98

---

## No. 2 (April).

ROSS, R. Notes on the Parasites of Mosquitoes found in India between 1895 and 1899 . . . . .	101
NUTTALL, G. H. F. Note to the foregoing paper by Professor Ronald Ross . . . . .	109

	PAGE
NOVY, F. G., MACNEAL, W. J. and TORREY, H. N. Mosquito Trypanosomes . . . . .	110
NOVY, F. G. and KNAPP, R. S. Isolation of Trypanosomes from accompanying Bacteria . . . . .	111
CATHCART, E. P. The Toxin of the <i>Bacillus enteritidis</i> of Gärtner	112
SAVAGE, W. G. Streptococci and Leucocytes in Milk. I. . . . .	123
NEWSHOLME, A. Domestic Infection in relation to Epidemic Diarrhoea	139
IRVINE, L. G. and MACAULAY, D. The Life-history of the Native Mine Labourer in the Transvaal . . . . .	149
BLOUNT, B. An instance of Choke-damp free from Carbon Dioxide	175
BANNERMAN, W. B. The spread of Plague in India . . . . .	179
WIGHAM, J. T. Upon the Agglutinin Test in the diagnosis of Tuberculosis . . . . .	212
HAYWARD, T. E. On the Analytical Construction of Population and Death Curves to form the basis of a Life-table. . . . .	215
PUBLICATIONS RECEIVED . . . . .	226

---

### No. 3 (July).

GERRARD, P. N. On a Protozoan Parasite found in the Polymorphonuclear Leucocytes of a Dog . . . . .	229
WENYON, C. M. Report on Dr P. N. Gerrard's Preparations accompanying the foregoing communication. (Plate II and Two Figures.)	231
WELLMAN, F. C. Human Trypanosomiasis and Spirochaetosis in Portuguese South-West Africa, with suggestions for Preventing their Spread in the Colony. (One Chart.) . . . . .	237
BOWHILL, T. Note on Haematozoa observed in a Bat and the occurrence of <i>Acanthia pipistrelli</i> Jenyns in South Africa. (Plate III.)	246
CATHCART, E. P. The Bacterial Flora of "Blown" Tins of Preserved Food . . . . .	248
WELSH, D. A. and CHAPMAN, H. G. Precipitin Antisera and their Standardisation . . . . .	251
MUIR, R. and MARTIN, W. B. M. On the Deviation of Complement by a Serum and its Anti-serum and its Relations to the Precipitin Test. (Two Figures.) . . . . .	265

## Contents

v

	PAGE
GRAHAM-SMITH, G. S. The Action of Diphtheria and Diphtheria-like Bacilli on Various Sugars and Carbo-hydrates . . . . .	286
DUDGEON, L. S. A New Pathogenic Bacillus isolated from an Enlarged Prostate Gland . . . . .	296
CATHCART, E. P. Upon the Reduction of Methylene Blue by Cow's Milk . . . . .	300
NEWSHOLME, A. An Inquiry into the Principal Causes of the Reduction in the Death-rate from Phthisis during the last Forty Years, with Special Reference to the Segregation of Phthical Patients in General Institutions. (Twenty Figures.) . . . . .	304
MACCONKEY, A. A Contribution to the Bacteriology of Milk . . . . .	385
BULLOCH, W. and CRAW, J. A. On a New Porcelain Filter. (Four Figures.) . . . . .	408

---

### No. 4, Extra "Plague Number" (September).

REPORTS ON PLAGUE INVESTIGATIONS IN INDIA,  
issued by the Advisory Committee.

Plates IV to IX.

Introduction . . . . .	422
I. Experiments upon the transmission of plague by fleas . . . . .	425
Part I. Historical introduction . . . . .	425
,, II. Transference from rat to rat . . . . .	435
,, III. Experimental production of epidemics among guinea-pigs. (One figure in text.) . . . . .	450
,, IV. Experiments in plague houses in Bombay . . . . . (Folding Tables I—VI.)	467
II. Note on the species of fleas found upon rats, <i>Mus rattus</i> and <i>Mus decumanus</i> , in different parts of the world, and on some variations in the proportion of each species in different localities. By the Hon. N. Charles Rothschild . . . . .	483
III. The physiological anatomy of the mouth-parts and alimentary canal of the Indian rat flea, <i>Pulex cheopis</i> , Rothschild . . . . .	486
IV. On the effect upon virulence of passage of <i>B. pestis</i> through rats by subcutaneous inoculation without intermediate culture . . . . .	496

	PAGE
V. On the effect upon virulence of passage of <i>B. pestis</i> through rats by cutaneous inoculation without intermediate culture . . . . .	502
VI. A note on the immunity of Bombay rats to subcutaneous injection of plague cultures . . . . .	506
VII. On the infectivity of floors grossly contaminated with cultures of <i>B. pestis</i> . . . . .	509
VIII. On the number of plague bacilli in the blood, urine, and faeces respectively of rats which had died of plague . . . . .	519
IX. On the quantitative estimation of the septicaemia in human plague . . . . .	524
X. On the existence of chronic plague in rats in localities where plague is endemic . . . . .	530

---

No. 5 (October).

THOMPSON, J. A. On the Epidemiology of Plague . . . . .	537
MACCONKEY, A. T. Note on some Cases of Food-poisoning . . . . .	570
THOMSON, J. D. Blood Parasites of the Mole,—including a new form of Intracorpuseular Parasite. (Plate X and One Diagram.) . . . . .	574
WENYON, C. M. Spirochaetosis of Mice due to <i>Spirochaeta muris</i> n.sp. in the Blood. (One Figure.) . . . . .	580
NUTTALL, G. H. F. and GRAHAM-SMITH, G. S. Canine Piroplasmosis. V. Further Studies on the Morphology and Life-History of the Parasite. (Plates XI—XIII and 23 Diagrams.) . . . . .	586
BALFOUR, A. Herpetomonas Parasites in Fleas. (Plate XIV.) . . . . .	652
ABSTRACTS OF OFFICIAL PUBLICATIONS, ETC. The Campaign against Ankylostomiasis in Porto Rico . . . . .	656
INDEX OF AUTHORS . . . . .	660
INDEX OF SUBJECTS . . . . .	663
