

CHANGE IN SUBSCRIPTION YEAR

The *Journal of Financial and Quantitative Analysis* is in the process of shifting from a March fiscal publication year to a January 1 fiscal publication year. The executive committee of the Western Finance Association, in conjunction with the University of Washington, has established the following guidelines to be used to implement this policy.

1. All subscriptions received prior to October 1 of any fiscal publication year will receive the entire set of journals published in that year. For example, a subscription received on September 1, 1971, will include the January, March, June, September, and December 1971 issues.
2. All subscriptions received on or after October 1 will apply to the forthcoming fiscal publication year. For example, a subscription received on November 1 will begin with the January 1972 issue.

If there are any questions pertaining to your subscription, contact the managing editor directly.
