## Congressional Elections

edited by **Louis Sandy Maisel**, *Colby College*  
and **Joseph Cooper**, *Rice University*

In **Congressional Elections**, editors Maisel and Cooper have provided a major new source-book for those interested in electoral studies, voting behavior, and the American political system in general. Its basis is the 1978 American National Election Study, conducted through the University of Michigan, a monumental research effort to explore in depth the Congressional election process. Warren E. Miller, the study's director, and John P. Kotash have here compiled the essential hard data and the key variables of that study. The essays that follow were authored by six scholars from the committee which planned the study. They provide analyses, developing different, though complementary, interpretations and applications of the data supplied. This sixth volume of the *Sage Electoral Studies Yearbooks* will prove to be not only an excellent tool for instruction in political science research methods, but also a unique body of resource material for further electoral studies.

**TABLE OF CONTENTS:** Introduction LOUIS SANDY MAISEL and JOSEPH COOPER / 1. Design and Core Data for the 1978 Election Study WARREN E. MILLER and JOHN P. KATOSH / 2. Candidates and Parties in Congressional Elections THOMAS E. MANN and RAYMOND E. WOLFINGER / 3. Party and Individual Accountability in the 1978 Congressional Election ALAN I. ABRAMOWITZ / 4. NEW FROM SAGE PUBLICATIONS

# CLASS CONFLICT AND COLLECTIVE ACTION

edited by LOUISE A. TILLY and CHARLES TILLY,  
*University of Michigan*

Published in cooperation with the Social Science History Association

The contributors to **Class Conflict and Collective Action** break with the predominant definition of class conflict as societal tension-release, and instead see social movements as responses to the concerns of everyday life. Studying the effects of European proletarianization and capital concentration between 1750 and 1914, the essays seek to determine at what point class conflict generated a collective action, and how the historical forms of contention changed under the influence of capitalism and nationalization. Edited by noted scholars Louise and Charles Tilly, this book forms a vital contribution to the ultimate goal of a comparative history of the Western industrial working class.

**Class Conflict and Collective Action**, the first volume in Sage's *New Approaches to Social Science History* series, integrates a body of original and innovative material, using a common intellectual framework, a comprehensive introduction and conclusion, and tight and careful editing throughout. The book will hold great interest for those studying social history, European history, labor history, and research in power structures and the politics of collective action.

**TABLE OF CONTENTS:** Introduction CHARLES TILLY / 1. The Web of Contention in Eighteenth-Century Cities CHARLES TILLY / 2. Revolution and the Rural Community in the Eastern Netherlands WAYNE P. TE BRAKE / 3. Contentious Gatherings in Lancashire, England: 1750-1830 FRANK MUNGER / 4. Industrial Capitalism, Political Conflict, and Working Class Contention in Lancashire, England During 1842 BRIAN R. BROWN / 5. Keeping the Navvies in Line: Variations in Work-Discipline Among Victorian British Railway Construction Crews SAMUEL COHN / 6. Belgian and French Workers in Nineteenth-Century Roubaix JUDY A. REARDON / 7. Grapes of Wrath: Vineyard Workers, Labor Unions and Strike Activity in the Aude: 1860-1913 LAURA L. FRADER / 8. Women's Collective Action and Feminism in France, 1870-1914 LOUISE A. TILLY / 9. Conclusion LOUISE A. TILLY
