Note: on the previous issue 55/56 (2007), Cinzia Ferrini's article, 'Hegel's Confrontation with the Sciences in 'Observing Reason': Notes for a Discussion', 1-22, was a reworked version of material that was originally presented at the 2007 meeting of the Hegel Society of Great Britain. The author wants to note that she benefited from the discussion that ensued and from hearing the other papers. Reworked versions of three of these papers, by Kenneth Westphal, Stephen Houlgate and James Kreines are published in the current volume of the *Bulletin*.
Erratum: in Ferrini 2007: 13, for Du Foy, read Du Fay.
