INSTRUCTIONS FOR CONTRIBUTORS

SCOPE Epidemiology and Psychiatric Sciences (EPS) is an international, peer-reviewed journal providing updated data and scientific information to epidemiologists, psychiatrists, psychologists, statisticians and other research and mental health workers primarily concerned with public health and epidemiological and social psychiatry. Priority is given to original research and systematic reviews about mental health service research, aimed to improve the quality of everyday practice. EPS is published quarterly (in March, June, September and December).

A full instructions to authors is available at: <http://journals.cambridge.org/eps>

EDITORIAL POLICY

EPS publishes the following article types:

- Presentation of the Editorials
- Editorials
- Special Articles
- Original Articles
- Letters

The Editor will also consider Methodological Contributions, Systematic Reviews and Meta-analyses.

The following Sections may also appear in the journal:

- Instruments
- ABC of Methodology
- Neurobiology of Psychosis

All submissions must be in English. Occasionally Letters may be published in Italian.

All contributions are accepted for publication after external peer review.

SUBMISSION OF MANUSCRIPTS

All papers submitted for publication should be addressed to the Editor:

Professor Michele Tansella

Department of Public Health and Community Medicine
Section of Psychiatry and Clinical Psychology
University of Verona
Policlinico G.B. Rossi
Piazzale L.A. Scuro 10
37134 Verona, Italy
michele.tansella@univr.it

All submissions must be made electronically by email and include a covering letter. Submission of a paper will be held to imply that contains original work that has not been previously published and that it is not being submitted for publication elsewhere.

- All submissions must follow the style guide for submissions available in the full author instruction guide available online.
- If you require any further guidance on creating suitable electronic figures, please visit http://dx.sheridan.com/guidelines/digital_art.html. Here you will find extensive guidelines on preparing electronic figures and also have access to an online preflighting tool where you can check if your figures are suitable for reproduction.

PROOFS AND OFFPRINTS Page proofs will be sent to the author designated to receive correspondence. Corrections other than to printer's errors may be charged to the author. All papers are published in their final version in the *FirstView* page of EPS before being printed. A final PDF will be sent to the corresponding author when the article is published.

Detailed instructions for authors can be found on the EPS website <journals.cambridge.org/eps>
