

PROCEEDINGS  
OF  
THE ROYAL SOCIETY  
OF  
EDINBURGH.

VOL. XXV.  
(*IN TWO PARTS.*)

PART II.  
(Containing pages 593–1259.)

MARCH TO JULY 1905.

EDINBURGH:  
PRINTED BY NEILL AND COMPANY, LIMITED.

MDCCCVI.

## CONTENTS.

	PAGE
Sur les Sarcodinés du Loch Ness. Note de M. le Dr E. Penard, présentée par Sir John Murray, K.C.B. Issued separately May 4, 1905, . . . . .	593
The Rhizopods and Heliozoa of Loch Ness. By James Murray. Communicated by Sir John Murray, K.C.B. Issued separately May 10, 1905, . . . . .	609
Note on the Rainfall on the Drainage Area of the Talla Reservoir. By B. Hall Blyth and W. A. Tait. (With a Map.) Issued separately May 10, 1905, . . . . .	616
Remarks on the Rainfall Records in the Talla Drainage Area during the years 1896 to 1902. By P. D. Donald, A.M.Inst.C.E. Communicated by W. A. Tait, M.Inst.C.E. Issued separately May 10, 1905, . . . . .	630
Some further Results in the Mathematical Theory of Seiches. By Professor Chrystal. Issued separately May 11, 1905, . . . . .	637
The Theory of Continuants in the Historical Order of Development up to 1880. By Thomas Muir, LL.D. Issued separately May 17, 1905, . . . . .	648
Suggestions towards a Theory of Electricity based on the Bubble Atom. By John Fraser, late Ordnance Survey, Edinburgh. Communicated by Dr W. Peddie. Issued separately May 18, 1905, . . . . .	680
Variant Forms of Vanishing Aggregates of Minors of Axisymmetric Determinants. By Professor W. H. Metzler. Issued separately May 20, 1905, . . . . .	717
The Constitution of Complex Salts.—I. Derivatives of the Sesquioxides. By Alexander T. Cameron, M.A. Communicated by Dr Hugh Marshall, F.R.S. Issued separately May 25, 1905, . . . . .	722
A Report on the Medusæ found in the Firth of Clyde (1901–1902). By Edward T. Browne, B.A., Zoological Research Laboratory, University College, London. Communicated by Sir John Murray, K.C.B., F.R.S. Issued separately July 5, 1905, . . . . .	738
Notes on the Pelagic Fauna of the Firth of Clyde (1901–1902). By Edward T. Browne, B.A., Zoological Research Laboratory, University College, London. Communicated by Sir John Murray, K.C.B., F.R.S. Issued separately July 6, 1905, . . . . .	779
A Report on the Free-Swimming Crustacea found in the Firth of Clyde, 1901 to 1902. By Thomas Scott, LL.D., F.L.S., etc. Communicated by Sir John Murray, K.C.B., F.R.S. Issued separately July 7, 1905, . . . . .	792

	PAGE
Certain Mathematical Instruments for Graphically Indicating the Direction of Refracted and Reflected Light Rays. By J. R. Milne, B.Sc., Carnegie Scholar in Physics. Issued separately July 7, 1905, . . . . .	806
Ankylostomiasis, or the Miners' Worm Disease. By Thomas Oliver, M.A., M.D., LL.D., F.R.C.P., Physician to the Royal Infirmary, and Professor of Physiology, University of Durham, College of Medicine, Newcastle-upon-Tyne. (With Two Plates.) Issued separately July 10, 1905, . . . . .	813
A Form of Bolometer adapted for Physiological Investigation. By Walter Colquhoun, M.A., M.B., Physiological Laboratory, University of Glasgow. Issued separately July 10, 1905, . . . . .	827
A New Method of Preparing Esters. By W. W. Taylor. <i>Communicated by</i> Professor Crum Brown, F.R.S. Issued separately August 29, 1905, . . . . .	831
On the Action of Radium Bromide on the Electromotive Phenomena of the Eyeball of the Frog. By John G. M'Kendrick, M.D., F.R.S., and Walter Colquhoun, M.A., M.B. Issued separately August 29, 1905, . . . . .	835
Cape Hunting Dogs ( <i>Lycan pictus</i> ) in the Gardens of the Royal Zoological Society of Ireland. By D. J. Cunningham, F.R.S., Professor of Anatomy, University of Edinburgh. (With Two Plates.) Issued separately August 29, 1905, . . . . .	843
Note on Some of the Magnetic Properties of Demagnetised and Annealed Iron. By James Russell. Issued separately August 29, 1905, . . . . .	849
Vanishing Aggregates of Determinant Minors. By Professor W. H. Metzler. Issued separately August 29, 1905, . . . . .	853
Les Concrétions phosphatées de l'Agulhas Bank (Cape of Good Hope). Par Dr Léon W. Collet, Mem. de la Soc. Géol. Suisse, assistant de Sir John Murray, K.C.B. Avec une note sur la Glauconie qu'elles contiennent, par Gabriel W. Lee, B.Sc. <i>Communiqué par</i> Sir John Murray, K.C.B. (With Four Plates.) Issued separately September 6, 1905, . . . . .	862
Evaporation of Musk and other Odorous Substances. By John Aitken, LL.D., F.R.S. Issued separately September 30, 1905, . . . . .	894
On the Opacity of Aluminium Foil to Ions from a Flame. By George A. Carse, M.A., B.Sc., 1851 Exhibition Science Research Scholar of Edinburgh University; Emmanuel College, Cambridge. Issued separately September 30, 1905, . . . . .	903
The Theory of General Determinants in the Historical Order of Development up to 1852. By Thomas Muir, LL.D. Issued separately September 30, 1905, . . . . .	908
Note on some generally accepted Views regarding Vision. By Dr W. Peddie. Issued separately October 23, 1905, . . . . .	948
Note on the Boiling Points of Aqueous Solutions. By the Rev. S. M. Johnston, B.A. <i>Communicated by</i> Professor J. G. MacGregor, F.R.S. Issued separately November 4, 1905, . . . . .	952

*Contents.*

vii

	PAGE
A Comparative Study of the dominant Planerogamic and Higher Cryptogamic Flora of Aquatic Habit, in Three Lake Areas of Scotland. By George West. (With Fifty-five Plates.) Issued separately November 11, 1905, . . . . .	967
Magnetic Quality in a Boscovichian Assemblage of Molecular Magnets. By Dr W. Peddie. Issued separately November 20, 1905, . . . . .	1025
Deep Sea Ship-Waves. ( <i>Continued from</i> Proc. R.S.E., January 23, 1905.) By Lord Kelvin. Issued separately December 11, 1905, . . . . .	1060
Complete Heart-block, with Dissociation of the Action of the Auricles and Ventricles. By W. T. Ritchie, M.D., F.R.C.P.E. <i>Communicated by</i> Dr George A. Gibson. Issued separately December 14, 1905, . . . . .	1085
A Regular Fortnightly Exploration of the Plankton of the two Icelandic Lakes, Thingvallavatn and Myvatn. By C. H. Ostenfeld, Inspector of the Botanical Museum, Copenhagen, and Dr C. Wesenberg-Lund. <i>Communicated by</i> Sir John Murray, K.C.B., F.R.S. (With Three Plates.) Issued separately January 5, 1906, . . . . .	1092
Meetings of the Royal Society—Sessions 1903–1905, . . . . .	1168
Donations to the Library, . . . . .	1194
OBITUARY NOTICES, . . . . .	1228
Abstract of Accounts for Session 1904–1905, . . . . .	1241
INDEX, . . . . .	1252
