Politics from Princeton

Ruling Russia

Authoritarianism from the Revolution to Putin

William Zimmerman

“Zimmerman makes a unique and innovative contribution to our thinking about the evolution of Soviet and Russian politics since 1917. With brilliance and welcome flashes of wry humor, he leads readers through the history of both Soviet and post-Soviet politics, right through to today. *Ruling Russia* is an important book.”

—George W. Breslauer, author of *Gorbachev and Yeltsin as Leaders*

Cloth \$29.95 978-0-691-16148-8

Strategic Reassurance and Resolve

U.S.-China Relations in the Twenty-First Century

James Steinberg & Michael E. O'Hanlon

“This excellent book makes an elegant statement on the stakes involved in achieving strategic coexistence between the established power, the United States, and the rising power, China. The authors provide a specific set of guidelines for avoiding unnecessary competition.”

—Patrick M. Cronin, Center for a New American Security

Cloth \$29.95 978-0-691-15951-5

Masters of the Universe

Hayek, Friedman, and the Birth of Neoliberal Politics

Daniel Stedman Jones

“Stedman Jones offers a novel and comprehensive history of neoliberalism. . . . This is a bold biography of a great idea.”

—*Economist*

“Intelligent.”

—Kenneth Minogue, *Wall Street Journal*

Paper \$19.95 978-0-691-16101-3

The Spirit of Compromise

Why Governing Demands It and Campaigning Undermines It

Amy Gutmann & Dennis Thompson

“In this ‘no excuses’ look at Washington gridlock, Gutmann and Thompson offer a clear-eyed examination of the forces that bring warring political leaders together or keep them apart. I wish every policymaker would read it!”

—Judy Woodruff, PBS NewsHour

Paper \$16.95 978-0-691-16085-6

Nuclear Strategy in the Modern Era

Regional Powers and International Conflict

Vipin Narang

“Vipin Narang’s study of the causes and consequences of different states’ nuclear weapons postures is a significant contribution to the literature on the causes of military doctrine, as well as the literature on both nuclear proliferation and deterrence theory. Narang’s interpretations are novel and thought provoking, and he skillfully combines rich case study work with sophisticated statistical tests.”

—Scott D. Sagan, Stanford University

Paper \$29.95 978-0-691-15983-6

Cloth \$95.00 978-0-691-15982-9

The National Origins of Policy Ideas

Knowledge Regimes in the United States, France, Germany, and Denmark

John L. Campbell & Ove K. Pedersen

“A tour de force in breadth and insight. Campbell and Pedersen provide the first empirically grounded study that compares policy-producing institutions across several countries, drawing on a wide reservoir of theoretical work that brings together perspectives from political science and sociology in invaluable ways. The book is a contribution of real significance.”

—J. Nicholas Ziegler, author of *Governing Ideas*

Paper \$29.95 978-0-691-16116-7

Cloth \$85.00 978-0-691-15031-4
