A Concise History of East Asia

C. P. FITZGERALD

This book is intended to fill the need for a concise, but comprehensive, history of China, Japan and South-East Asia, and it is hoped that by bringing the history of these different countries within one volume the interrelation between them will be more clearly seen.

The book is divided into three parts dealing respectively with China, with Japan and Korea, and with the South-East Asian countries (Burma, Thailand, Cambodia, Vietnam, Indonesia, Malaysia and the Philippines). Starting with the earliest recorded historical and archaeological evidence, the book continues the history of these countries down to the immediate post-war period.

Fortified Cities of India

SIDNEY TOY

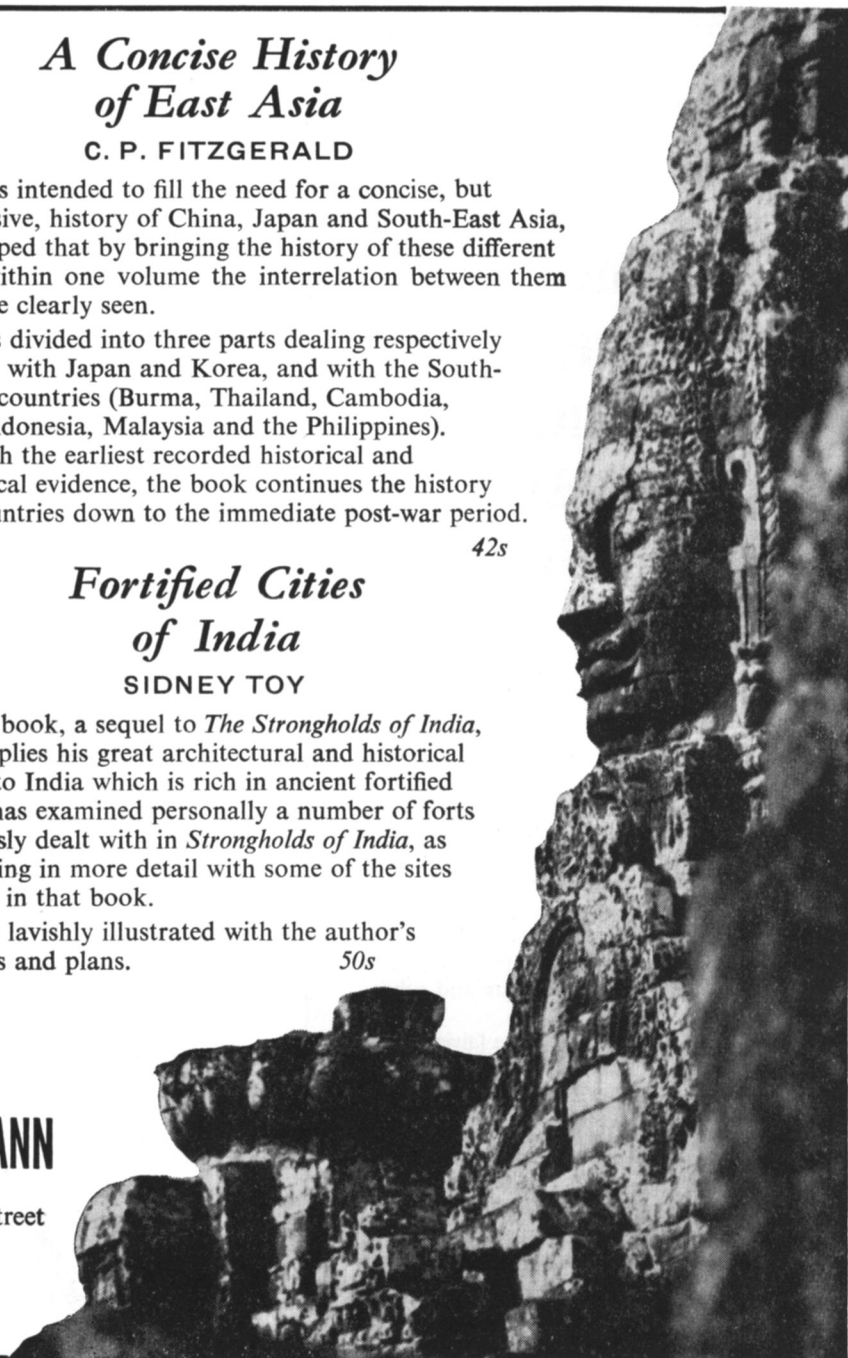

In this new book, a sequel to *The Strongholds of India*, Mr Toy applies his great architectural and historical knowledge to India which is rich in ancient fortified places. He has examined personally a number of forts not previously dealt with in *Strongholds of India*, as well as dealing in more detail with some of the sites investigated in that book.

The book is lavishly illustrated with the author's photographs and plans.
